

**Anhydrous Lactose**

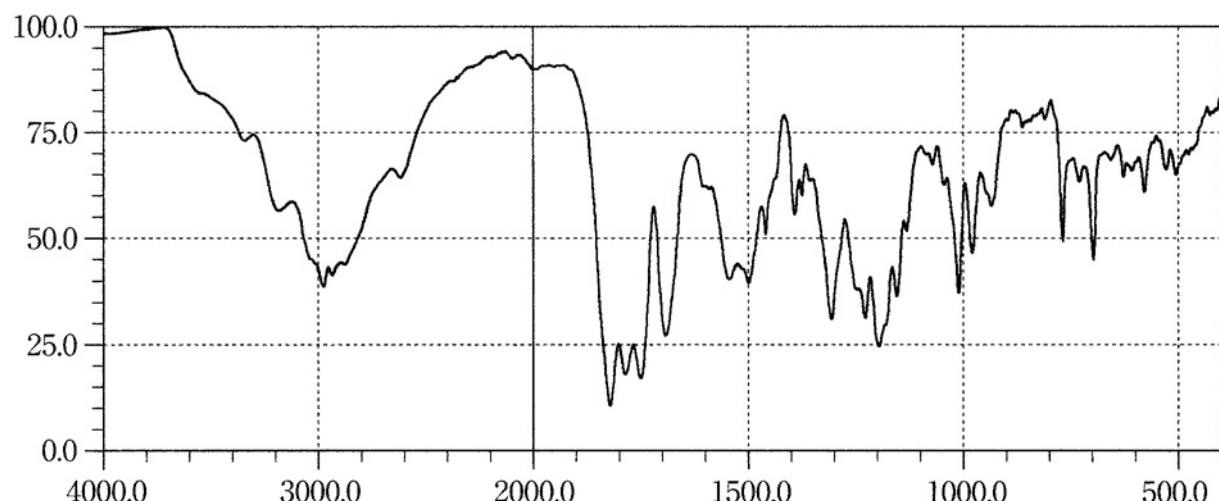

Preparation of sample: Potassium bromide disk method

**Lactose Hydrate**

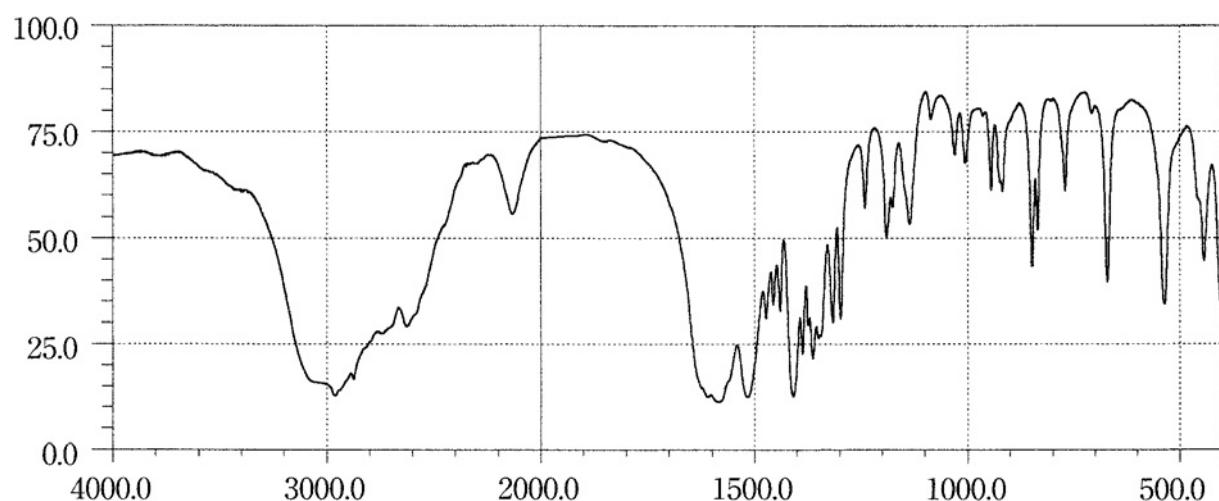

Preparation of sample: Potassium bromide disk method

**Latamoxef Sodium**

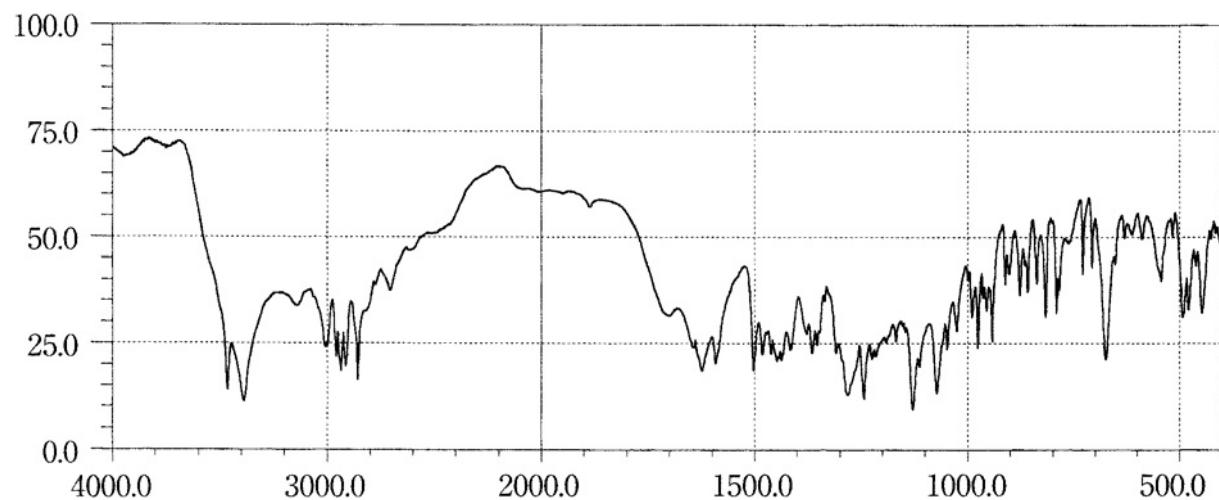

Preparation of sample: Potassium bromide disk method

**Lenampicillin Hydrochloride**

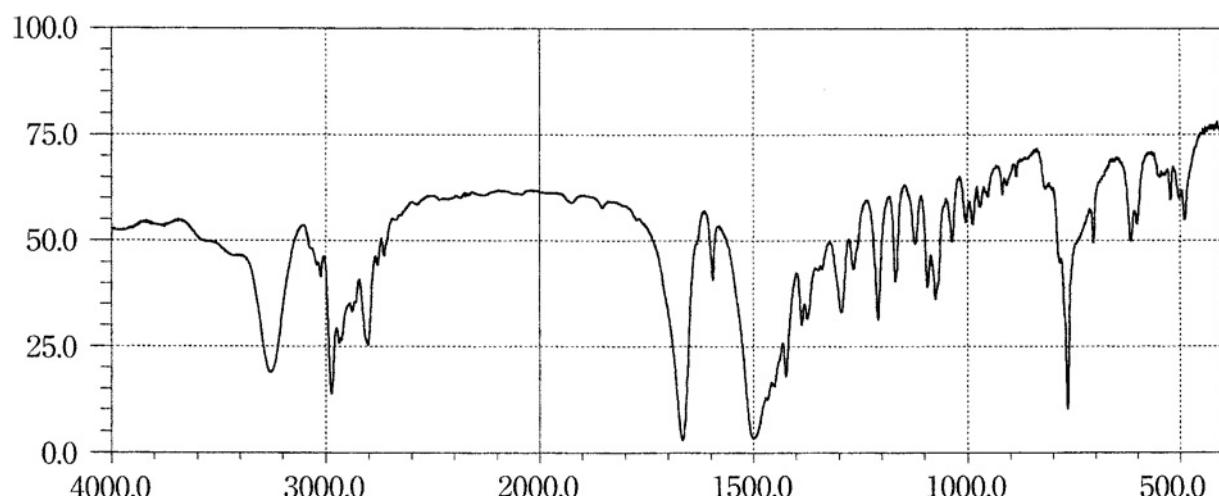

Preparation of sample: Potassium chloride disk method

**L-Leucine**

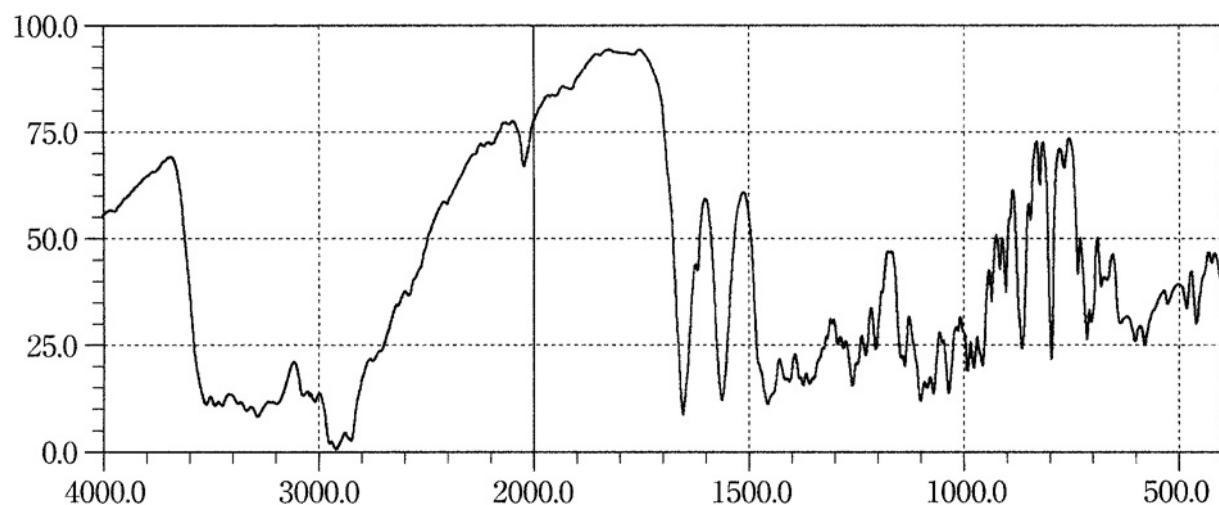

Preparation of sample: Potassium bromide disk method

**Levallorphan Tartrate**

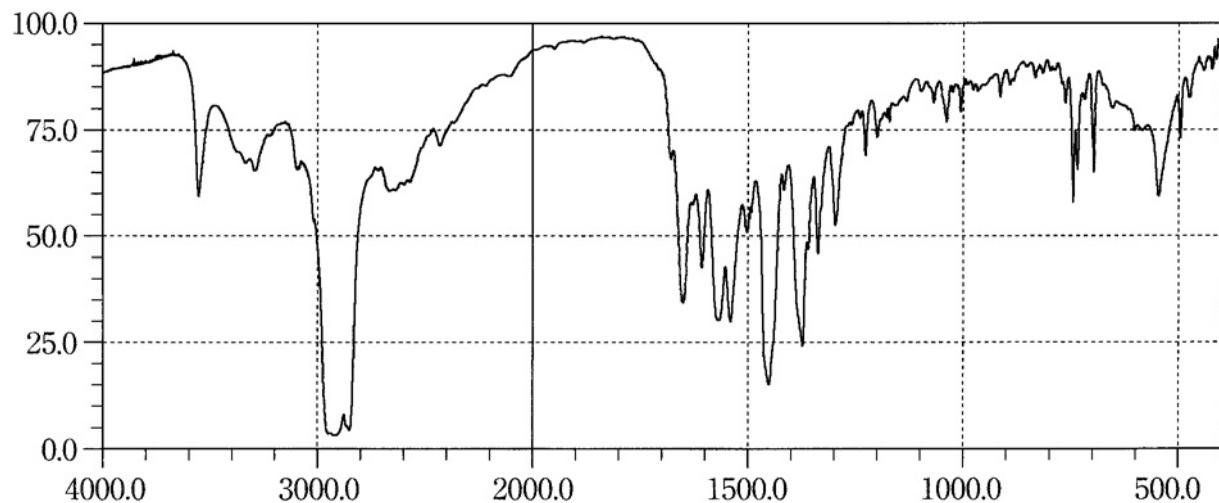

Preparation of sample: Potassium bromide disk method

**Lidocaine**

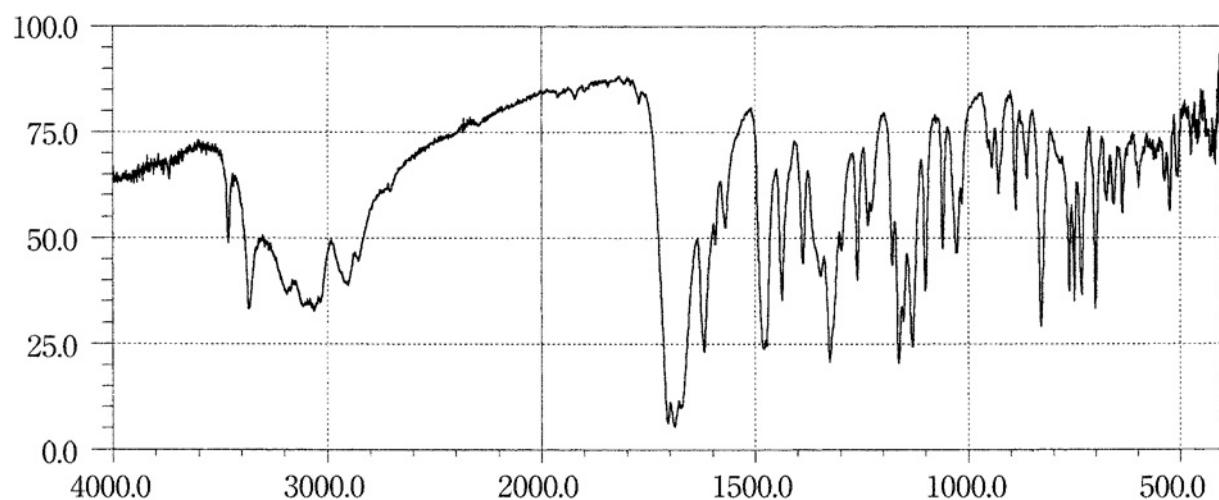

Preparation of sample: Potassium bromide disk method

**Lincomycin Hydrochloride Hydrate**

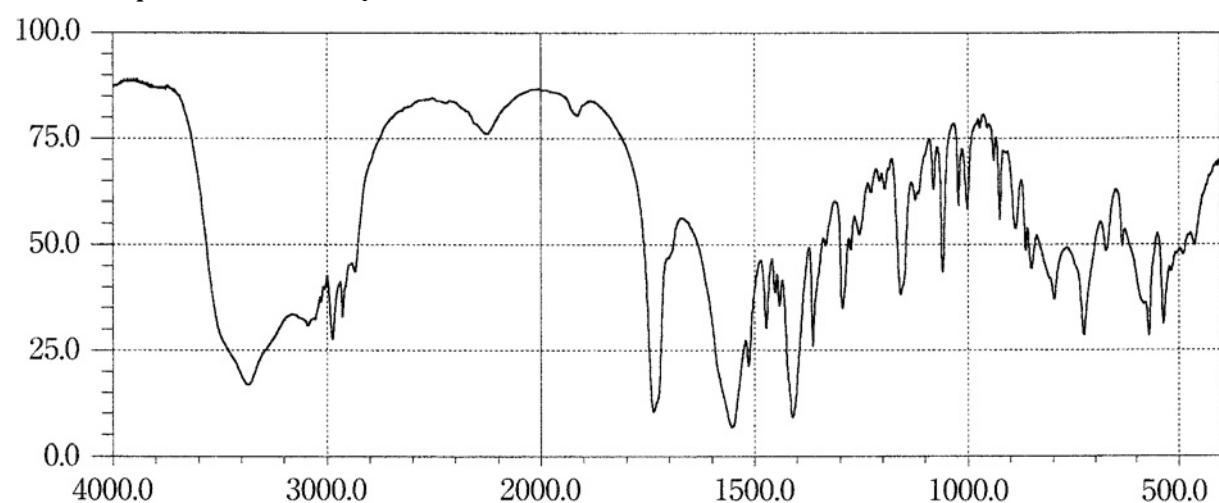

Preparation of sample: Paste method

**Lisinopril Hydrate**

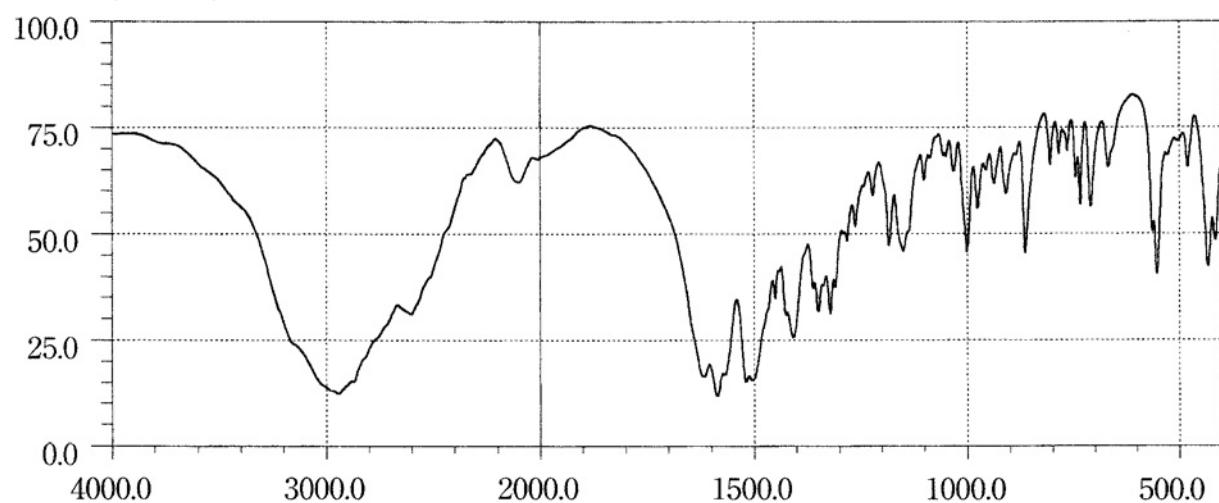

Preparation of sample: Paste method

**Lorazepam**

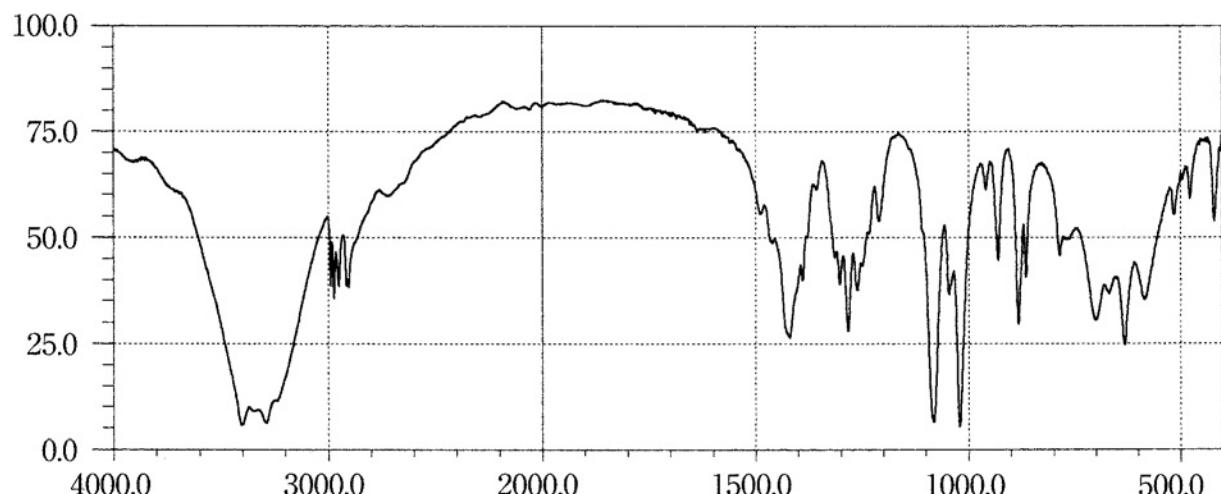

Preparation of sample: Potassium bromide disk method

**Loxoprofen Sodium Hydrate**

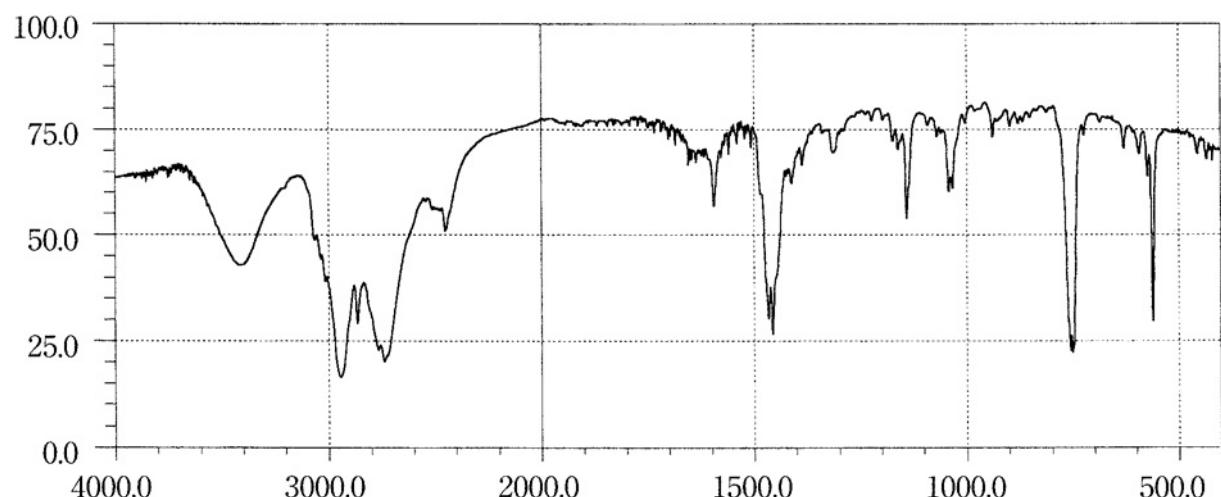

Preparation of sample: Potassium bromide disk method

**L-Lysine Hydrochloride**

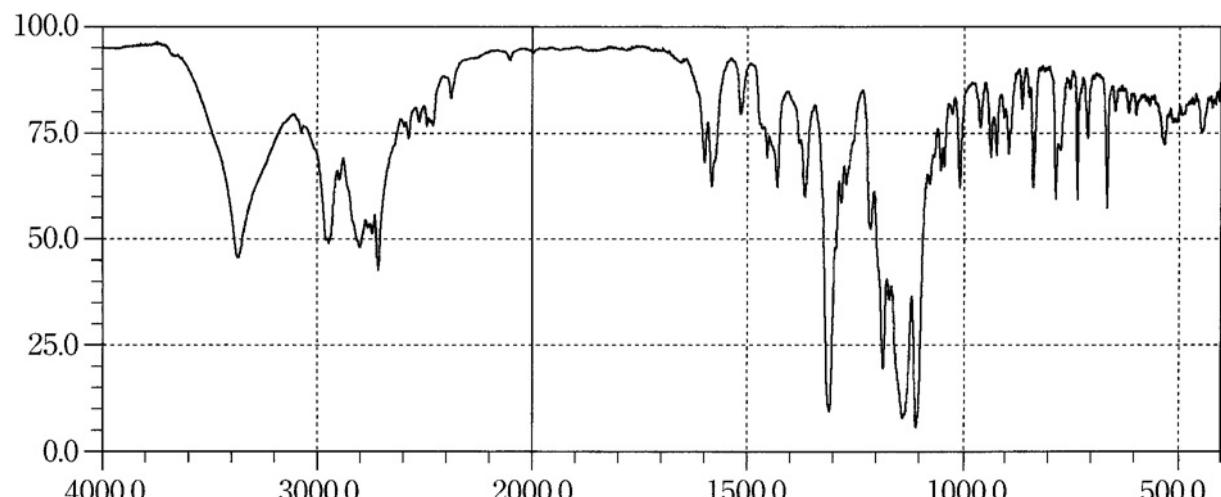

Preparation of sample: Potassium bromide disk method

**D-Mannitol**

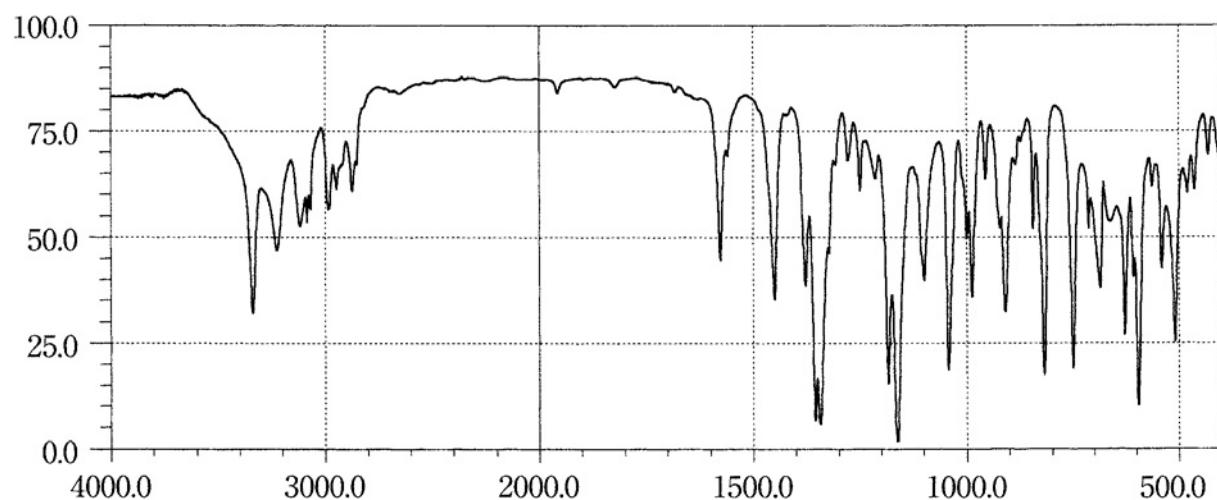

Preparation of sample: Potassium bromide disk method

**Maprotiline Hydrochloride**

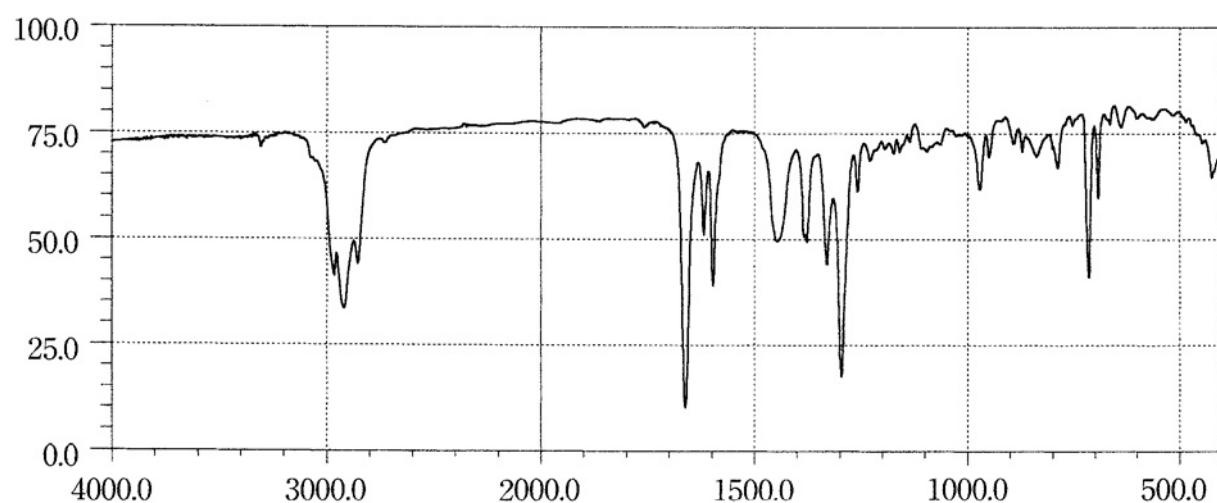

Preparation of sample: Potassium chloride disk method

**Mefloquine Hydrochloride**

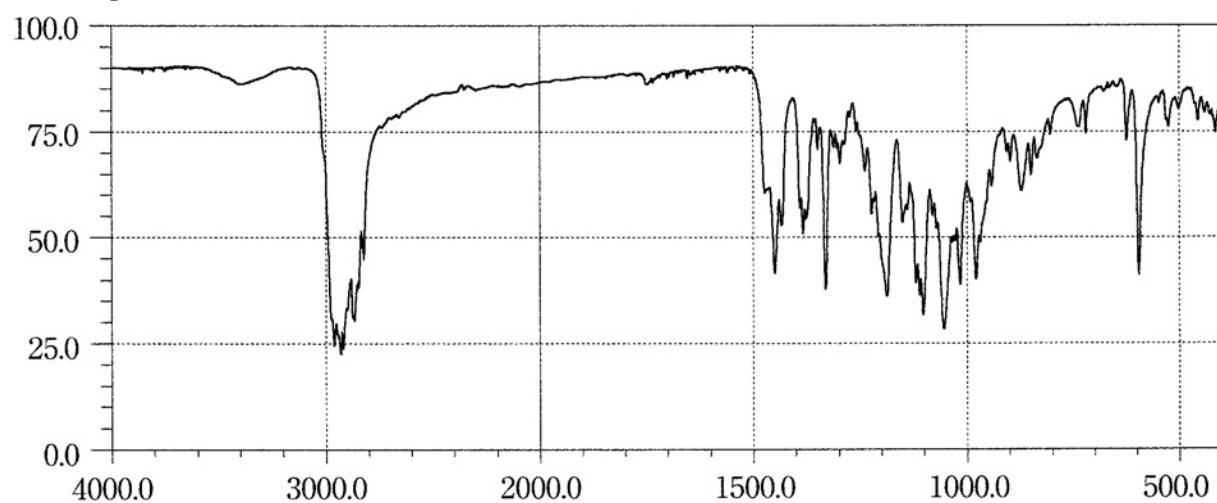

Preparation of sample: Potassium chloride disk method

**Mefruside**

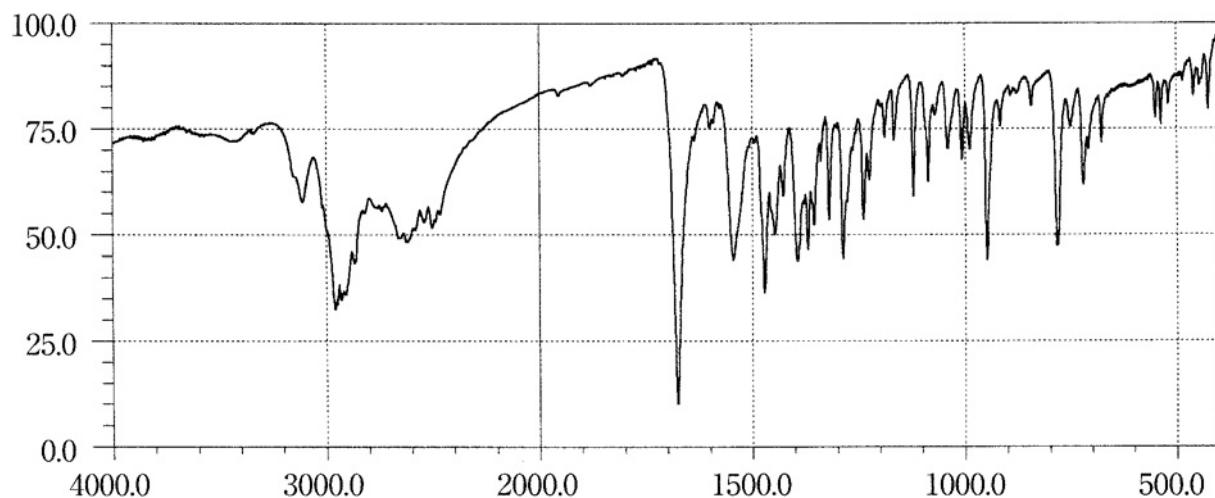

Preparation of sample: Potassium bromide disk method

**Menatetrenone**

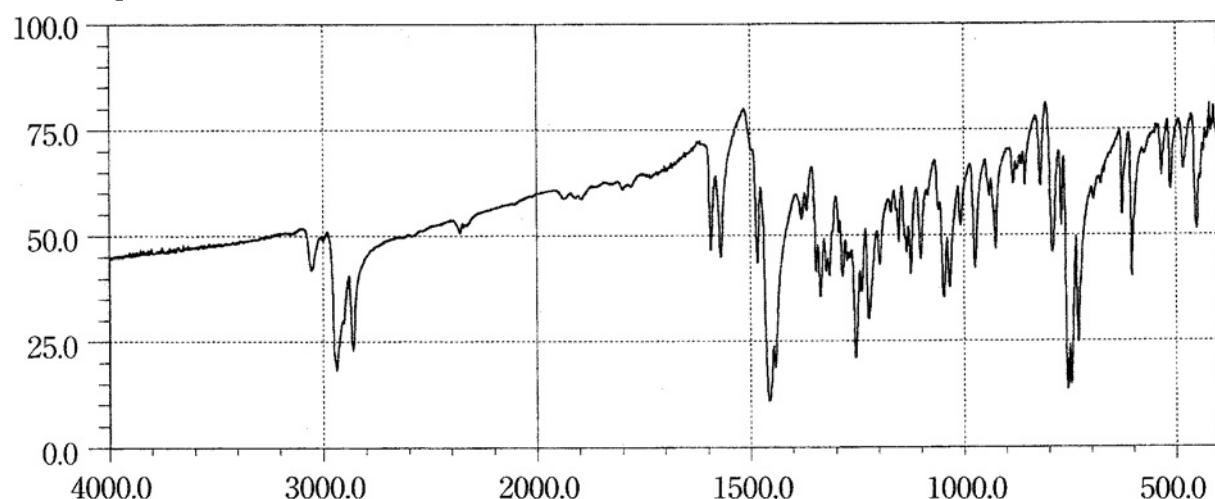

Preparation of sample: Liquid film method

**Mepitiostane**

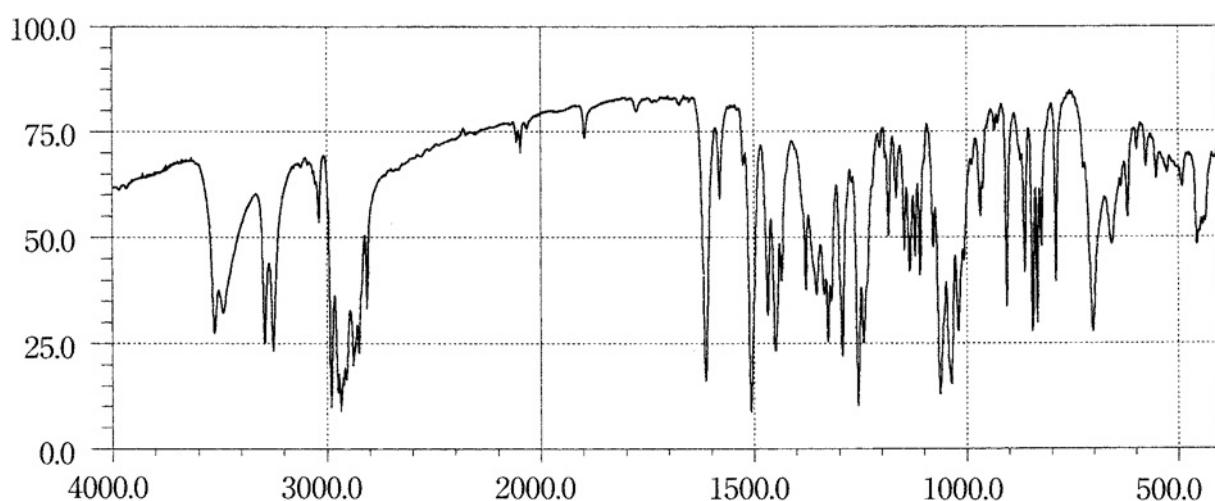

Preparation of sample: Potassium bromide disk method

**Mepivacaine Hydrochloride**

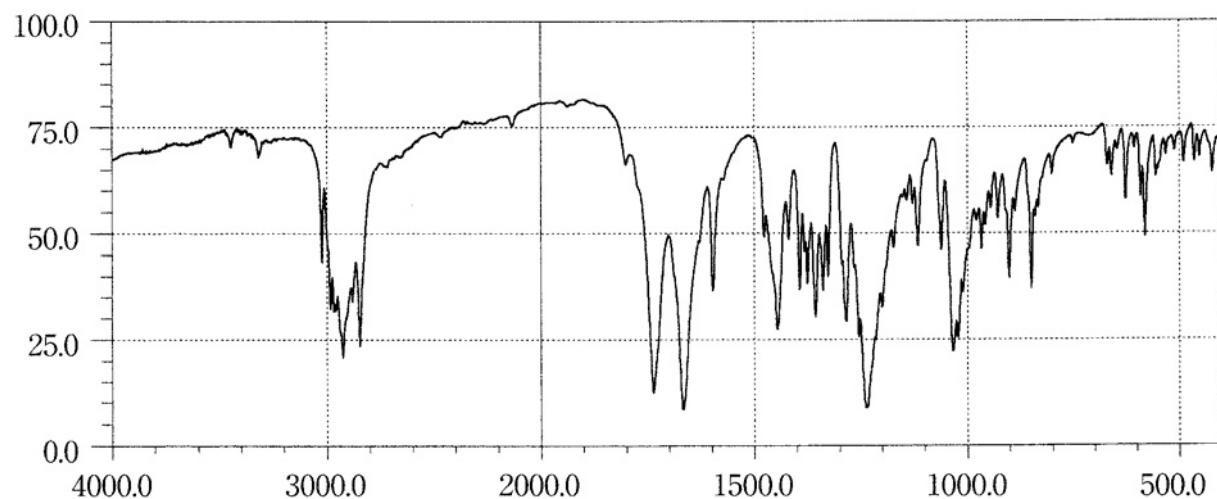

Preparation of sample: Potassium chloride disk method

**Mequitazine**

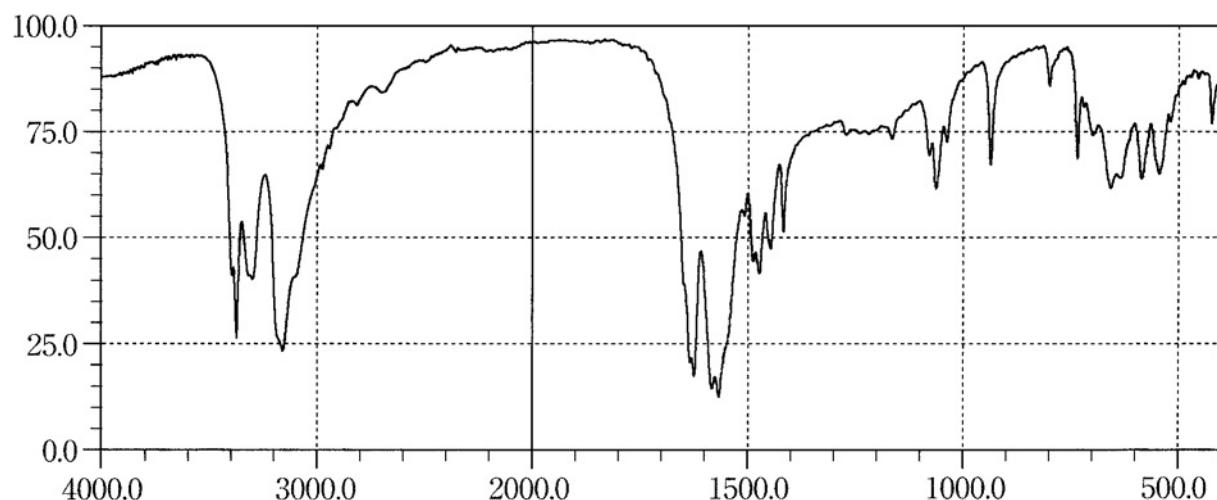

Preparation of sample: Potassium bromide disk method

**Mestranol**

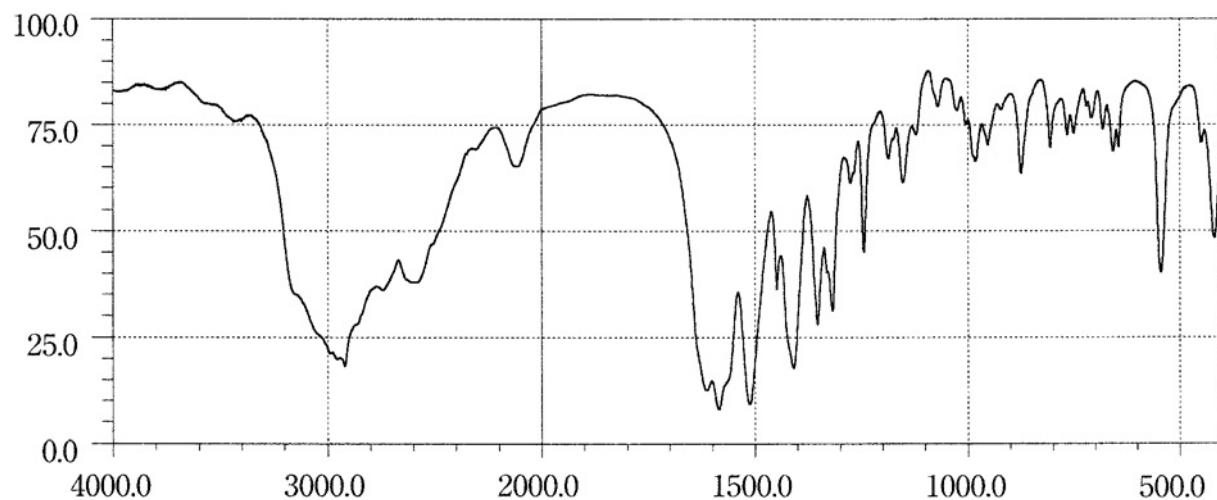

Preparation of sample: Potassium bromide disk method

**Metenolone Acetate**

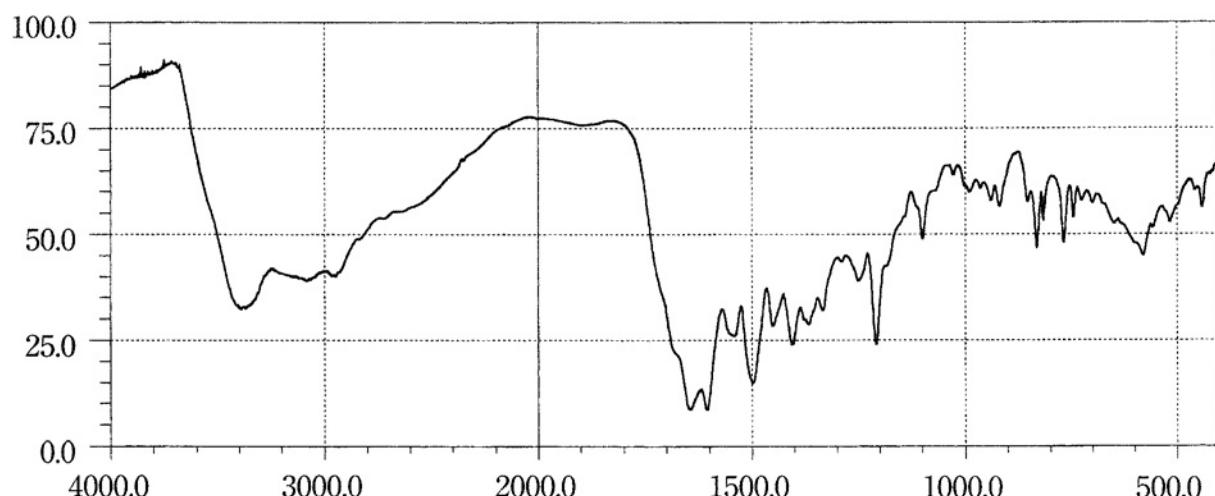

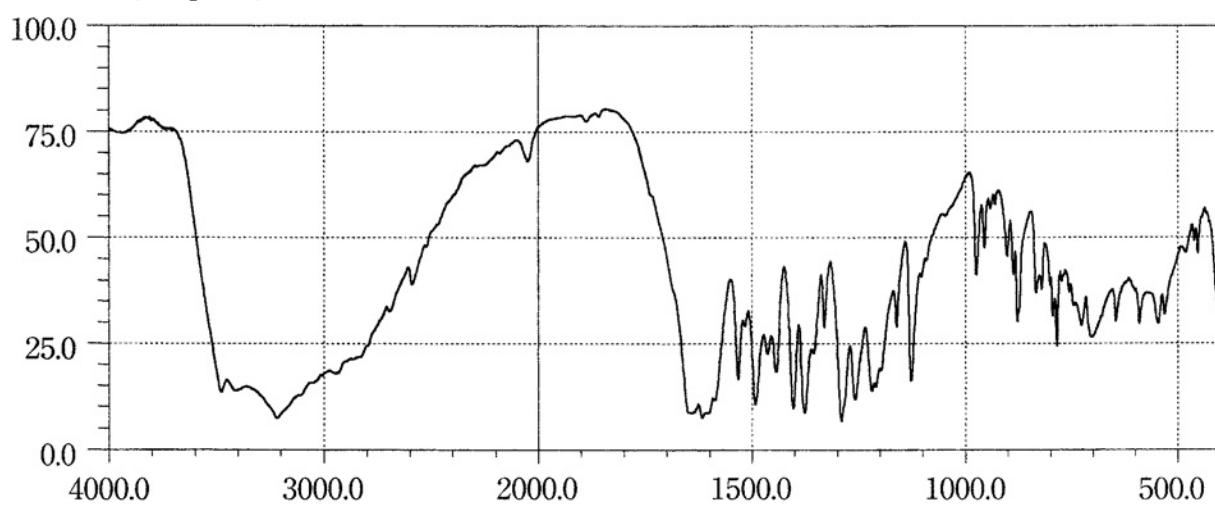

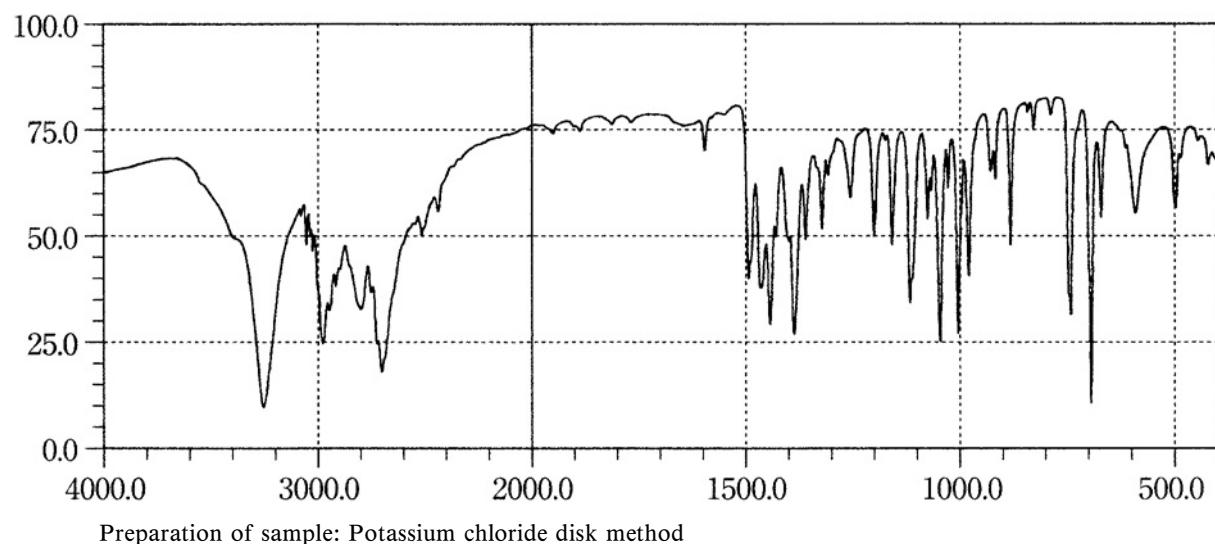

Preparation of sample: Potassium bromide disk method

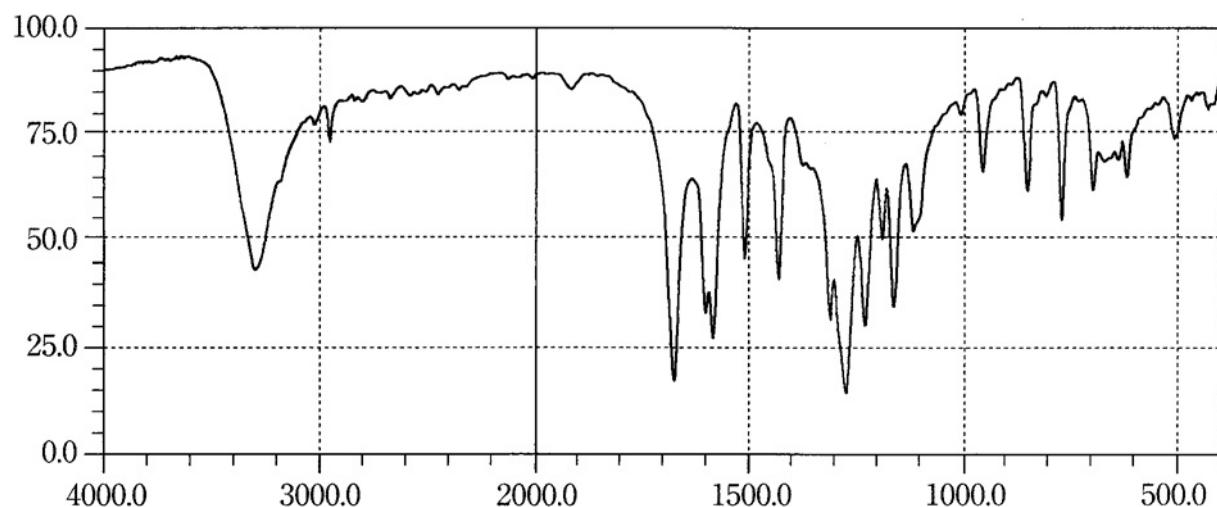

**Metformin Hydrochloride**

Preparation of sample: Potassium chloride disk method

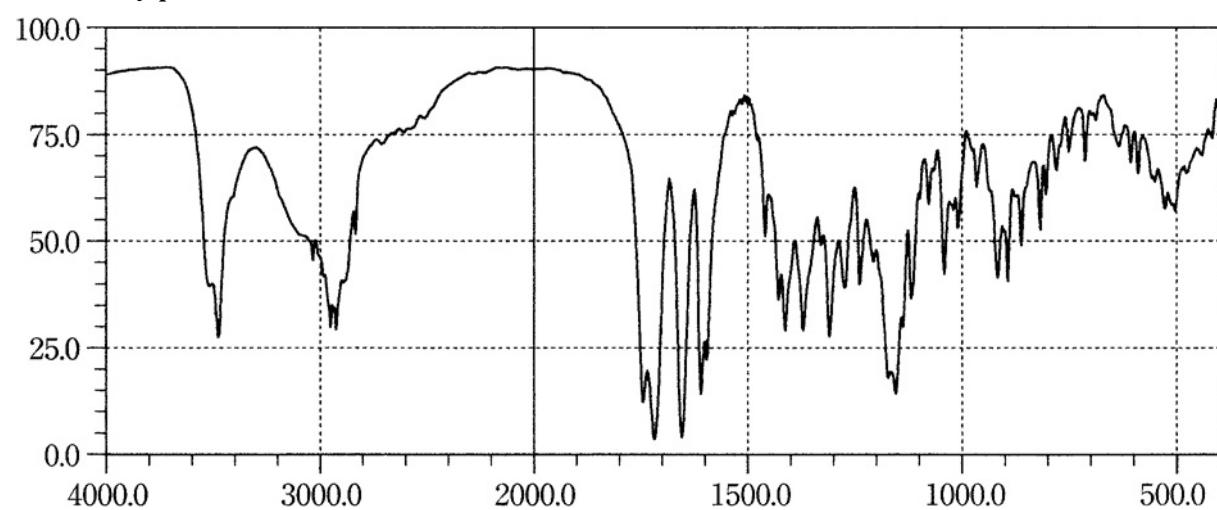

**L-Methionine**

Preparation of sample: Potassium bromide disk method

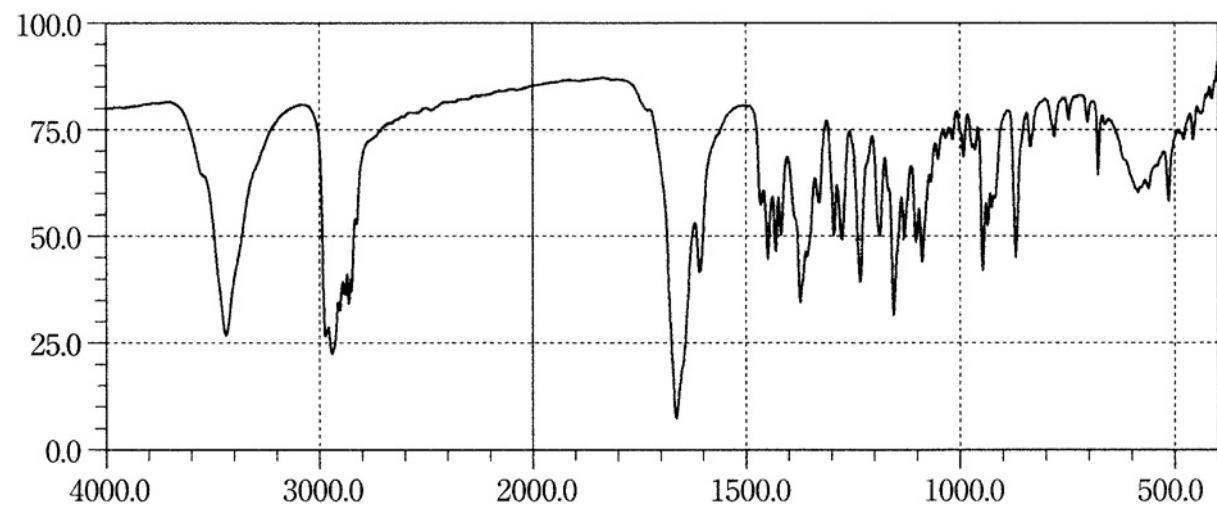

**Methotrexate****Methyldopa Hydrate*****dl*-Methylephedrine Hydrochloride**

**Methyl Parahydroxybenzoate**

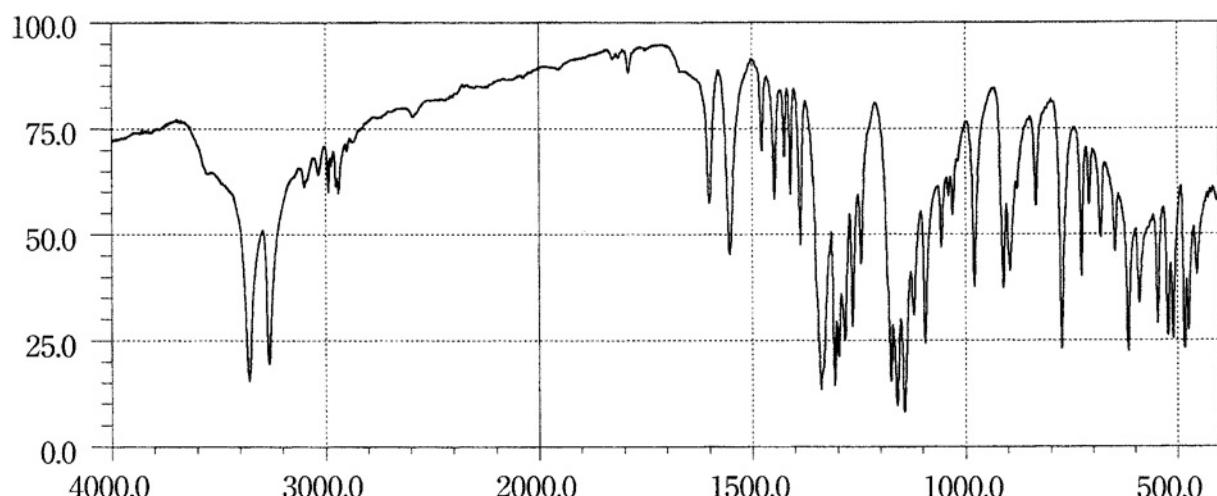

Preparation of sample: Potassium bromide disk method

**Methylprednisolone Succinate**

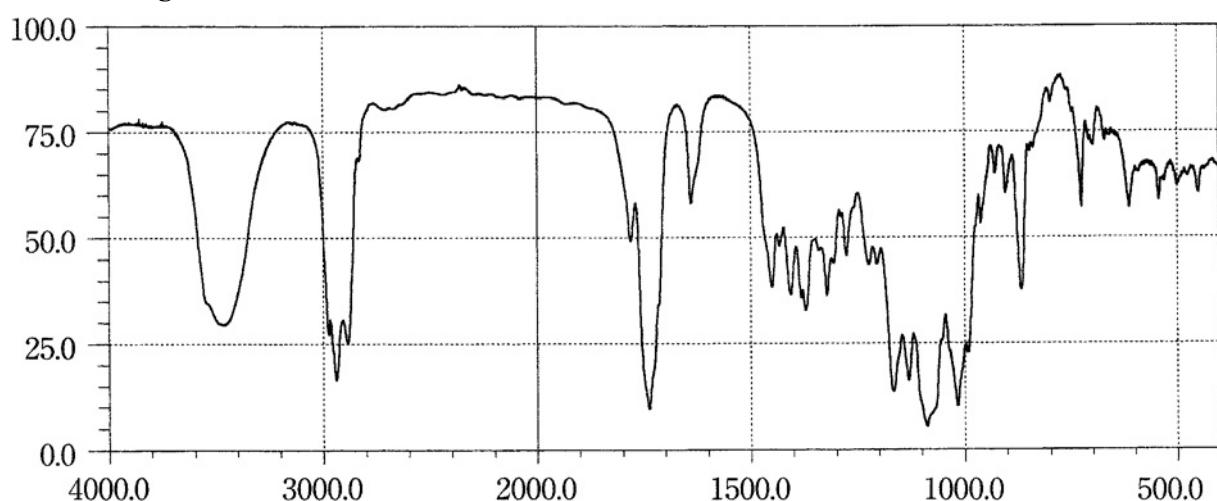

Preparation of sample: Potassium bromide disk method

**Methyltestosterone**

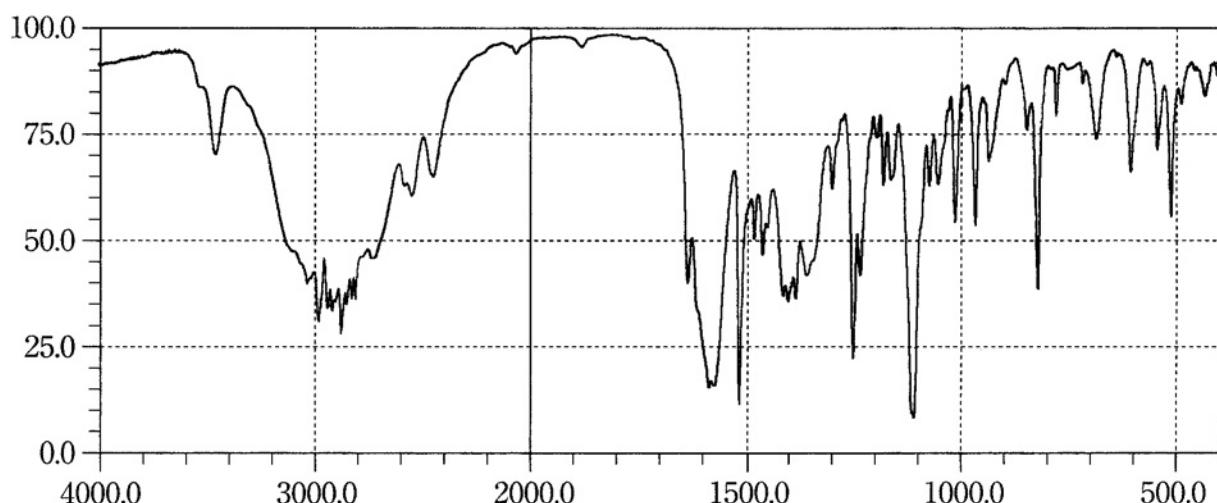

Preparation of sample: Potassium bromide disk method

**Meticrane**

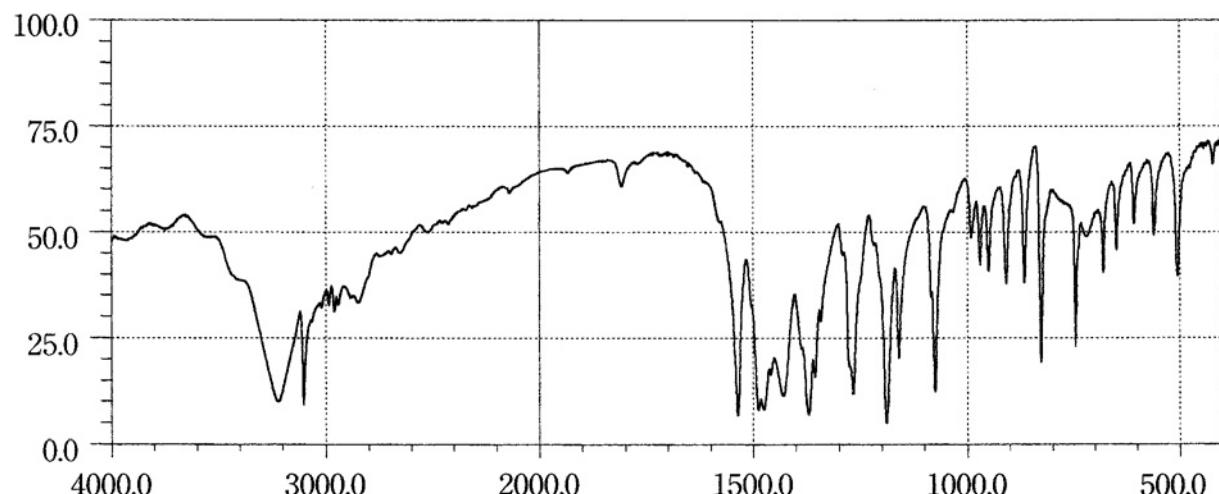

Preparation of sample: Potassium bromide disk method

**Metildigoxin**

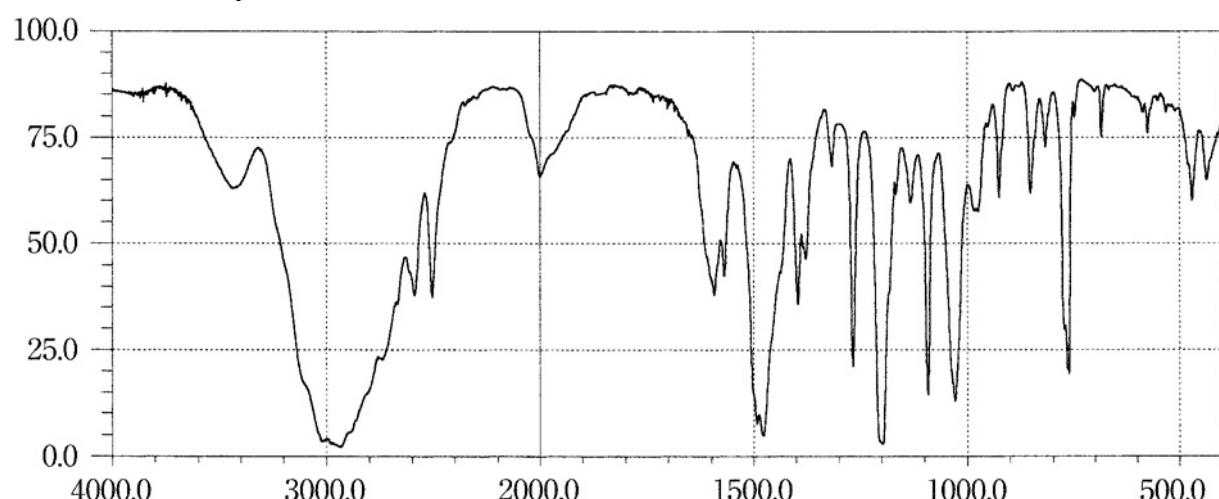

Preparation of sample: Potassium bromide disk method

**Metoprolol Tartrate**

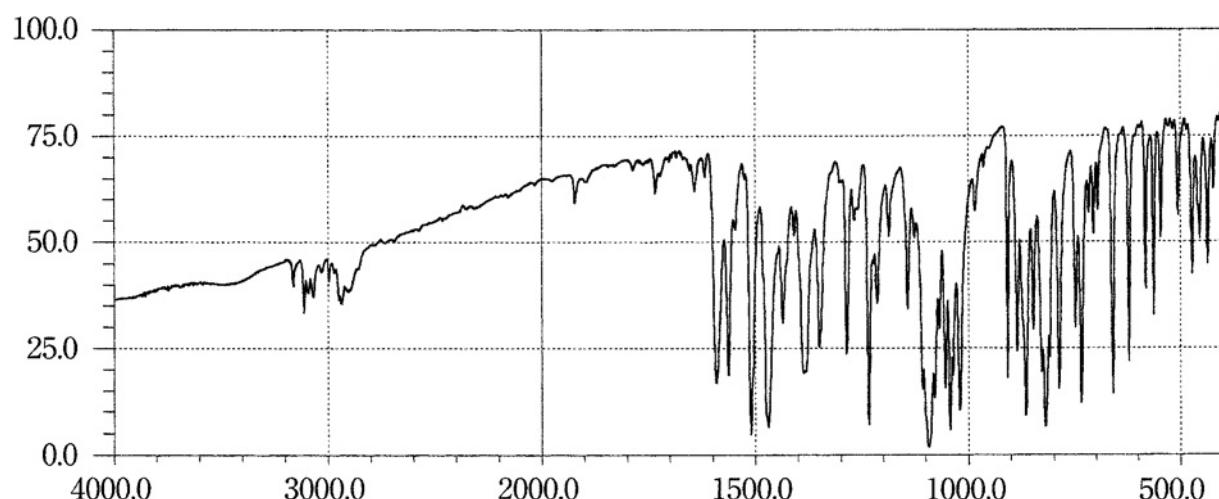

Preparation of sample: Paste method

**Metronidazole**

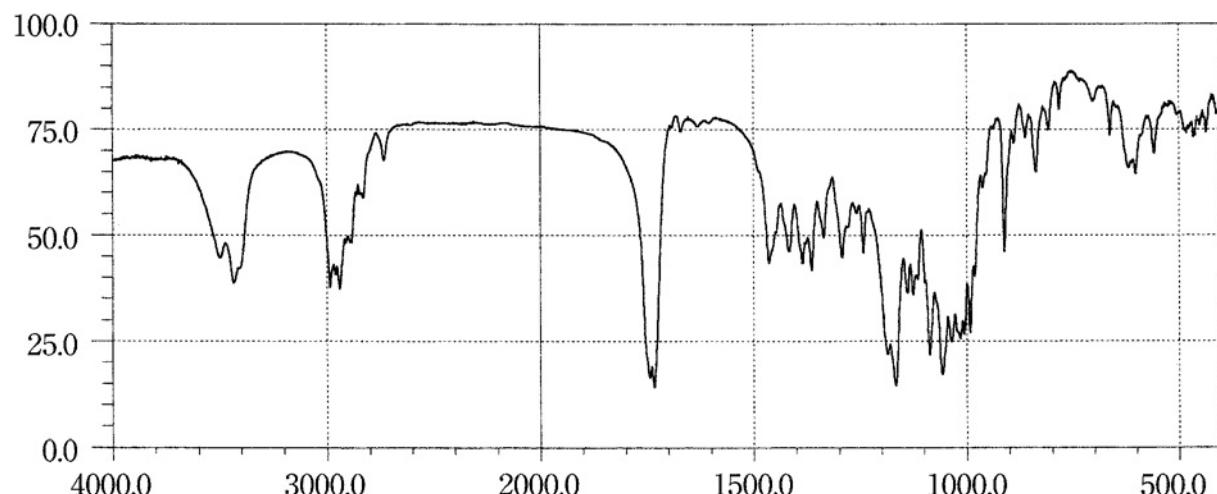

Preparation of sample: Potassium bromide disk method

**Mexiletine Hydrochloride**

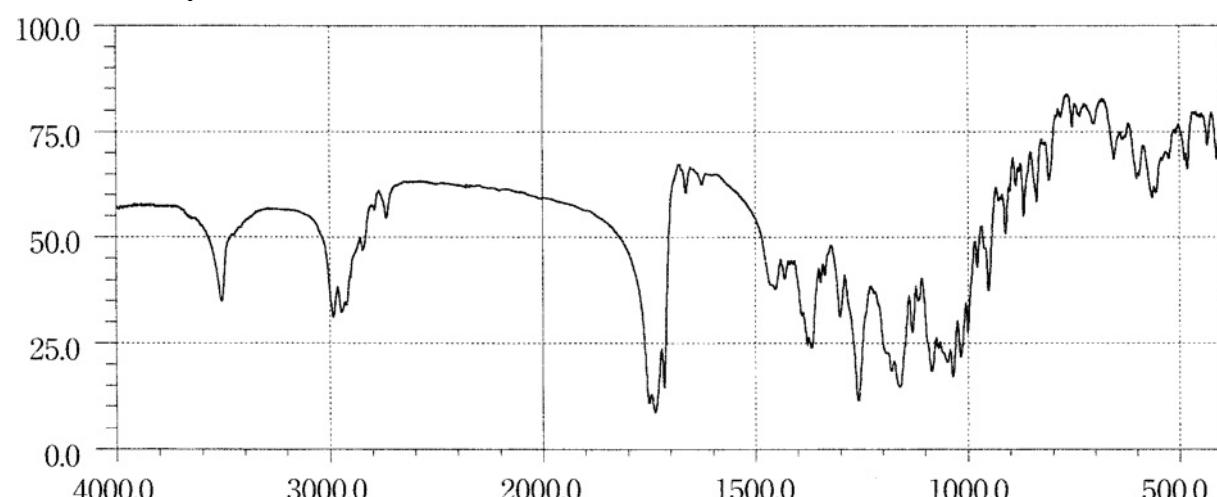

Preparation of sample: Potassium bromide disk method

**Miconazole**

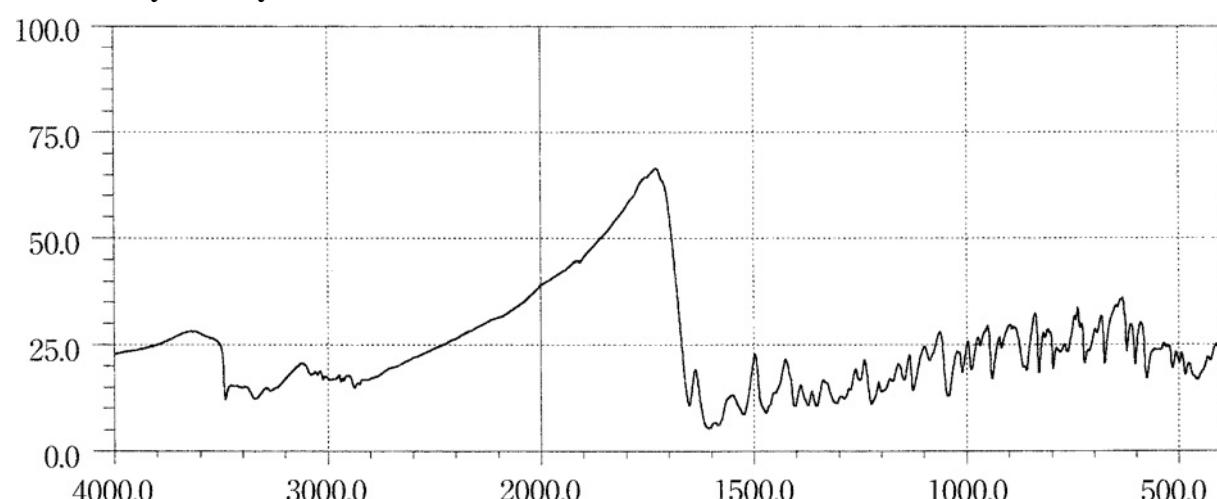

Preparation of sample: Potassium bromide disk method

**Midecamycin**

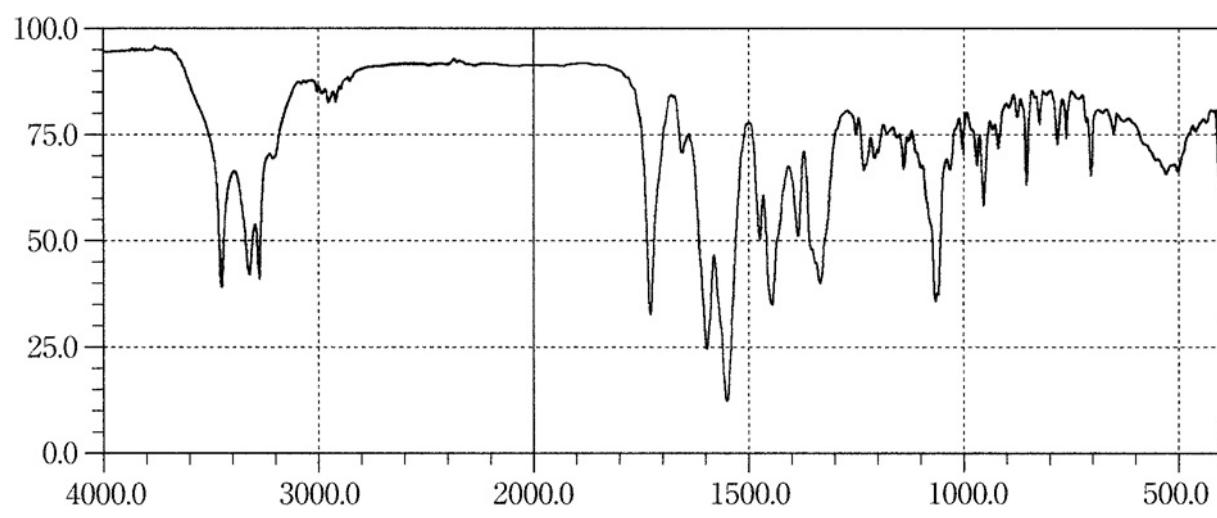

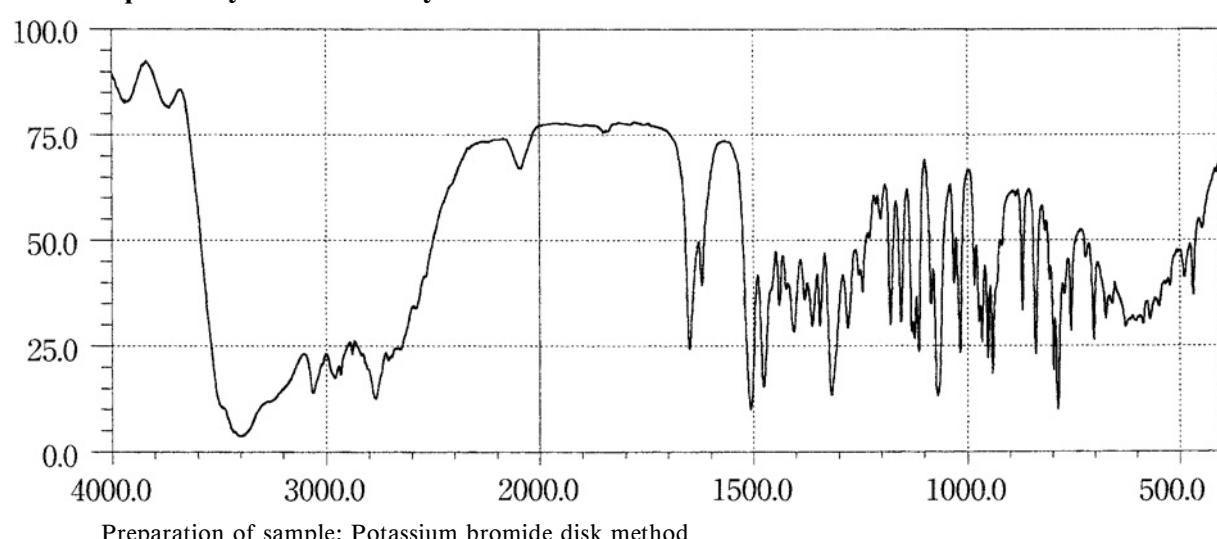

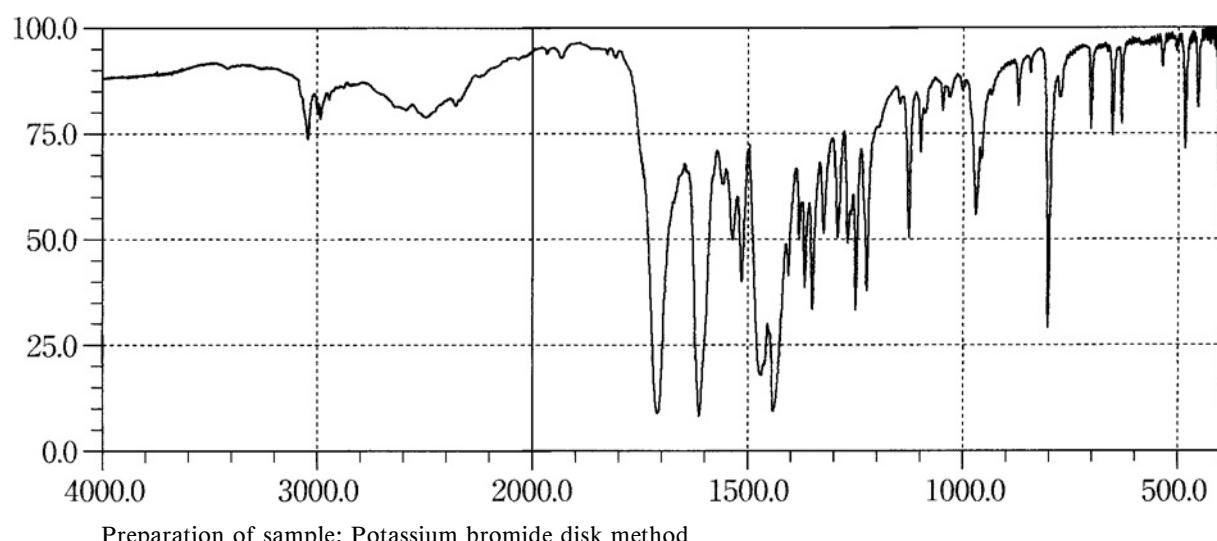

Preparation of sample: Potassium bromide disk method

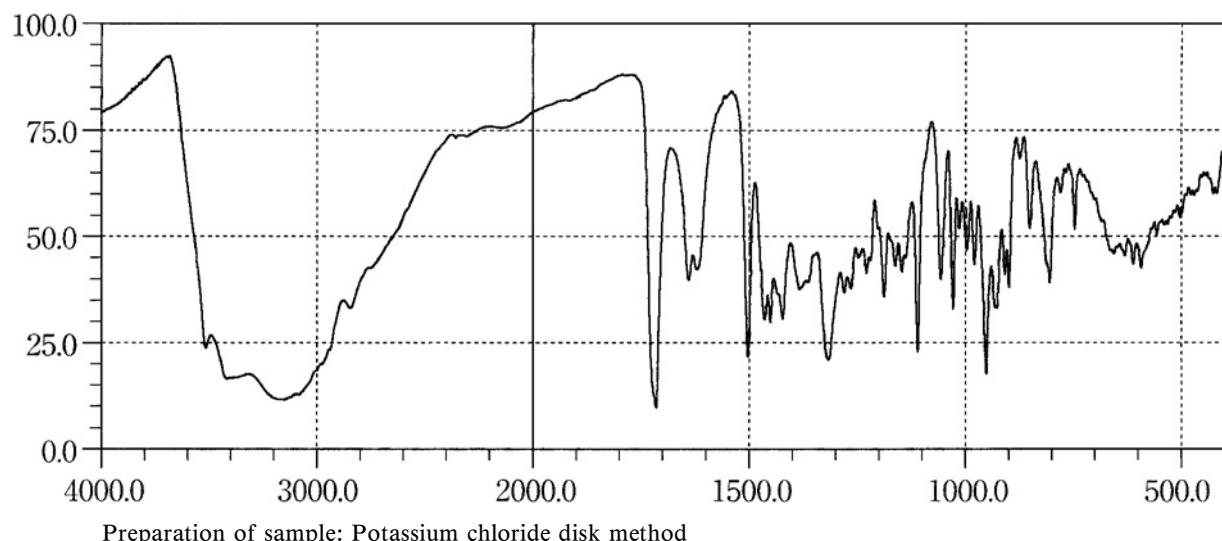

**Midecamycin Acetate**

Preparation of sample: Potassium bromide disk method

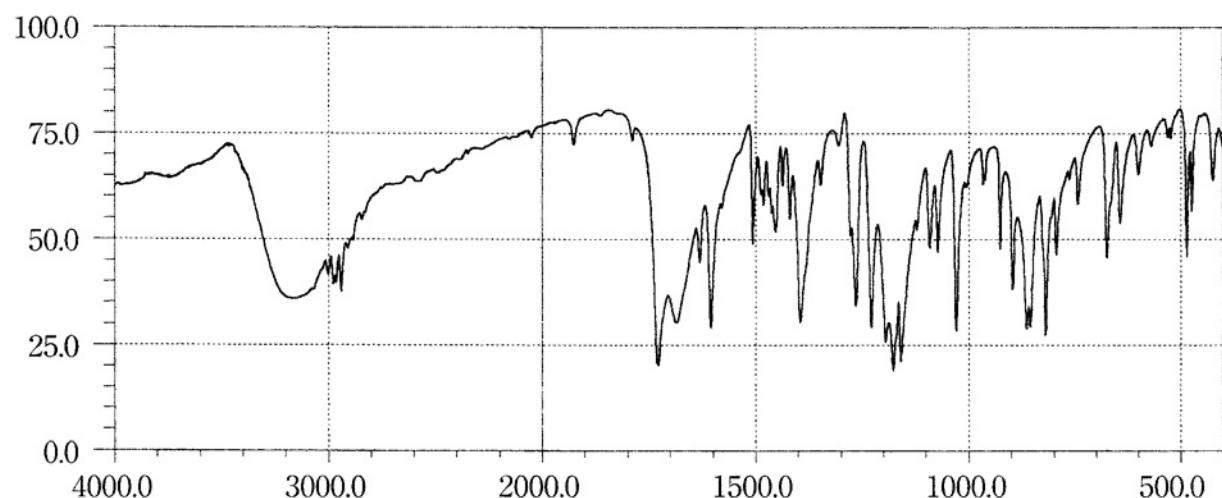

**Minocycline Hydrochloride**

Preparation of sample: Potassium chloride disk method

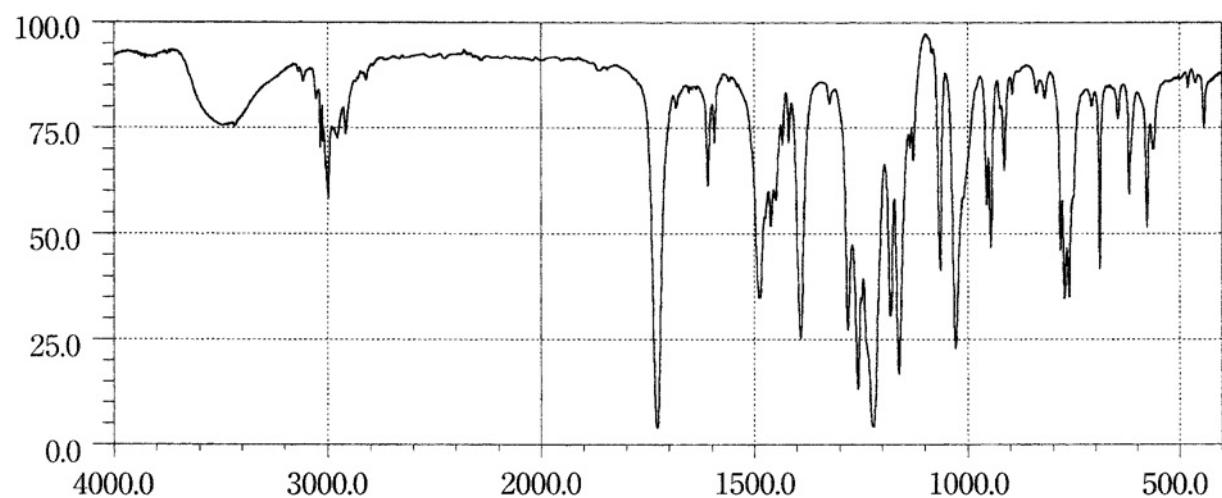

**Mitomycin C****Morphine Hydrochloride Hydrate****Nalidixic Acid**

**Naloxone Hydrochloride**

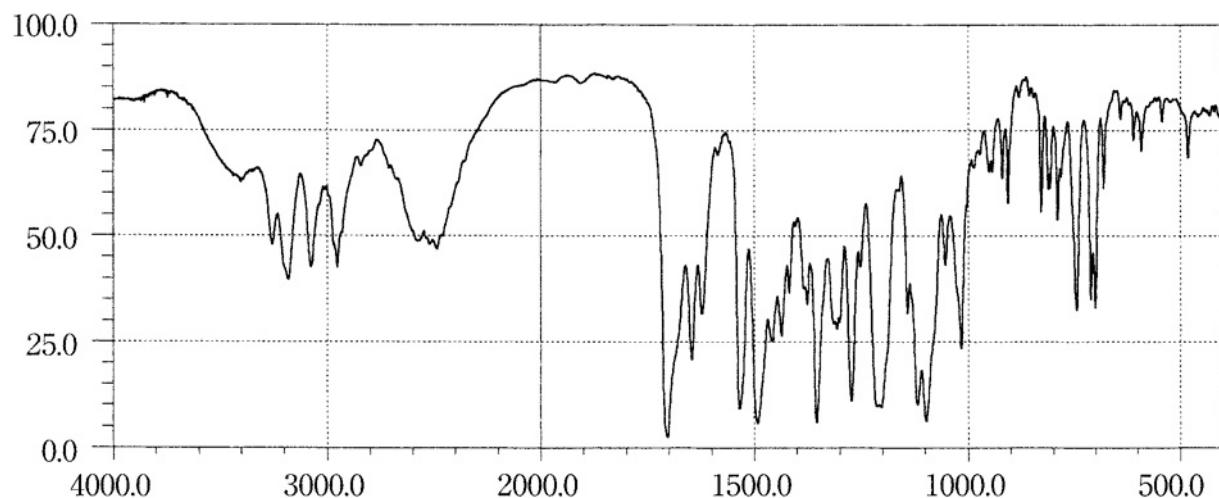

Preparation of sample: Potassium chloride disk method

**Naproxen**

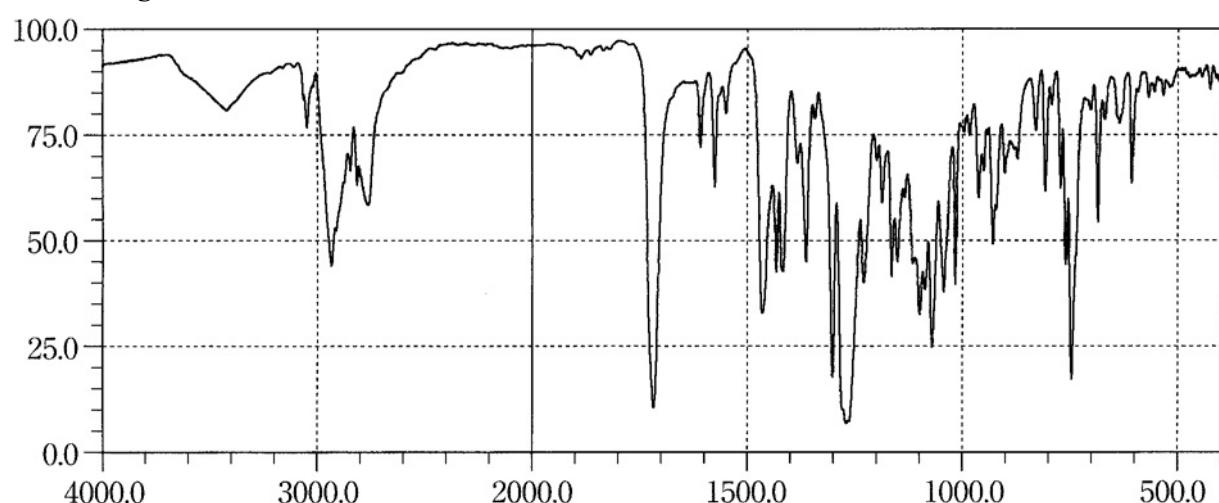

Preparation of sample: Potassium bromide disk method

**Neostigmine Methylsulfate**

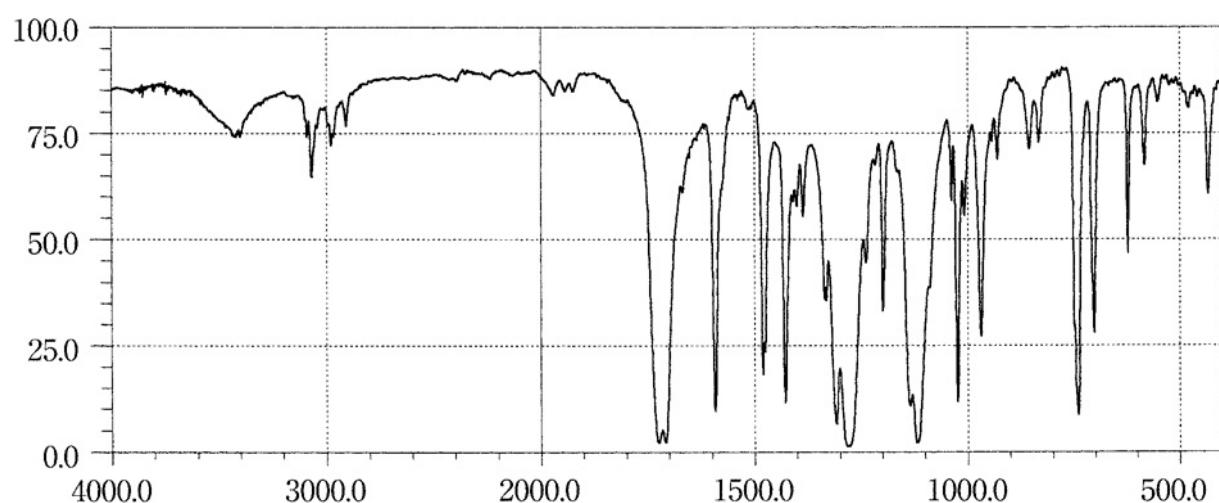

Preparation of sample: Potassium bromide disk method

**Nicardipine Hydrochloride**

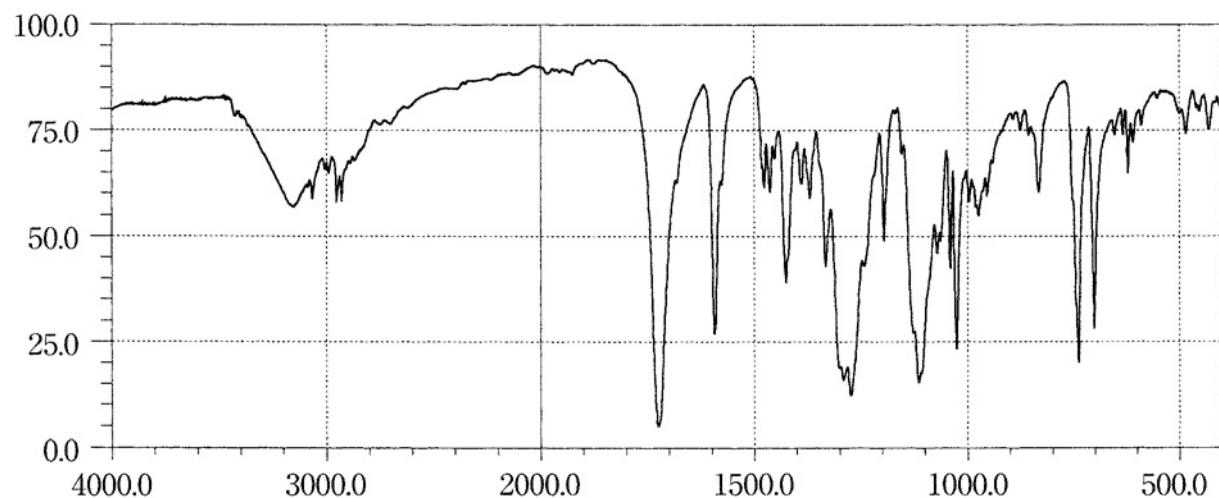

Preparation of sample: Potassium bromide disk method

**Nicergoline**

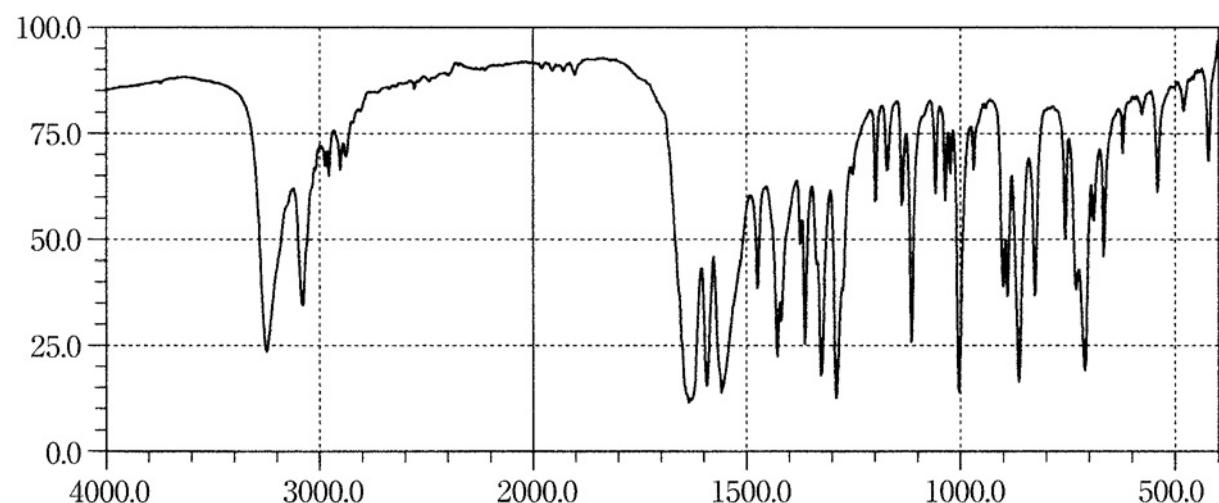

Preparation of sample: Potassium bromide disk method

**Niceritrol**

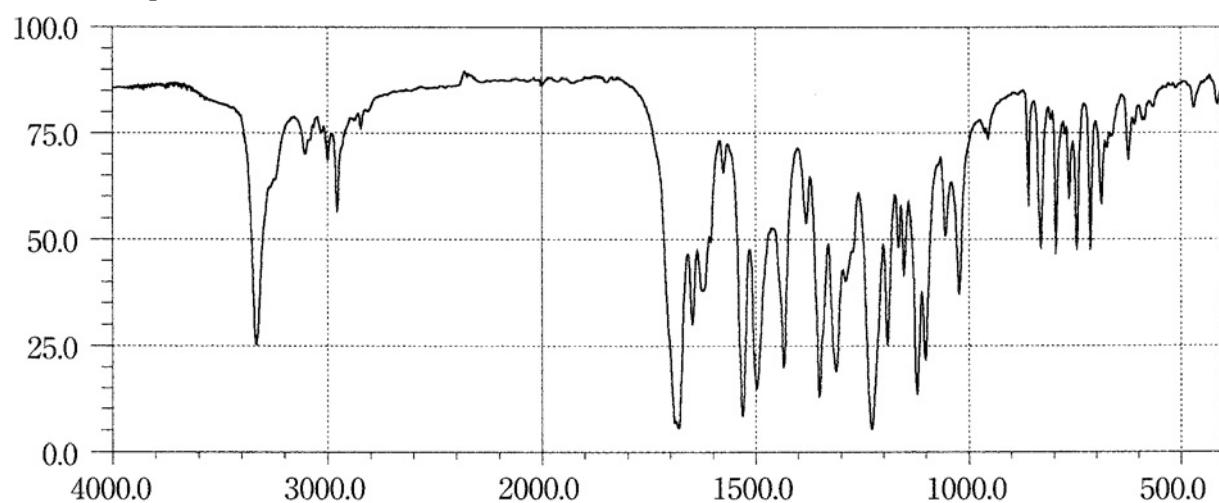

Preparation of sample: Potassium bromide disk method

**Nicomol**

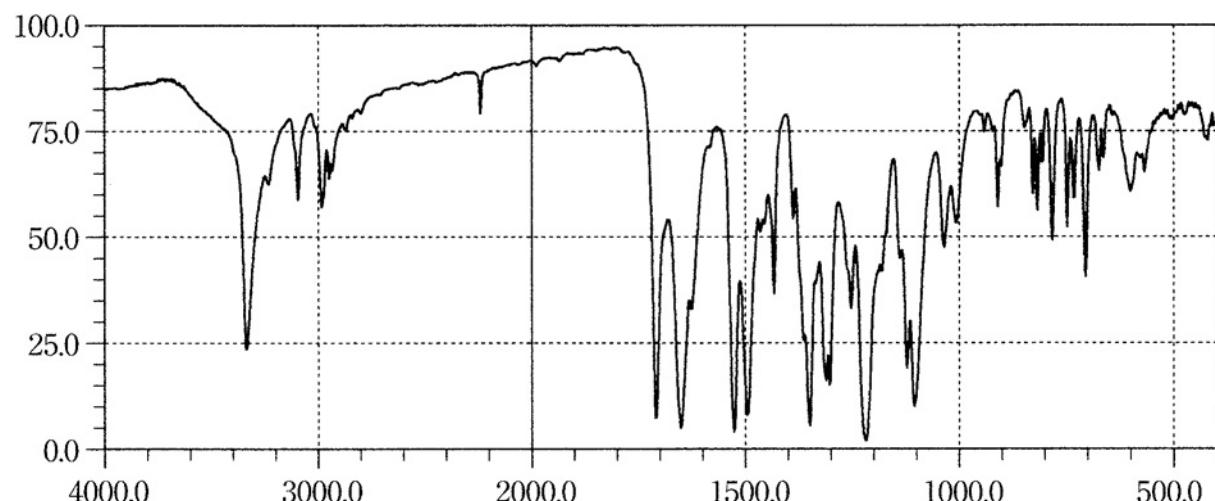

Preparation of sample: Potassium bromide disk method

**Nicorandil**

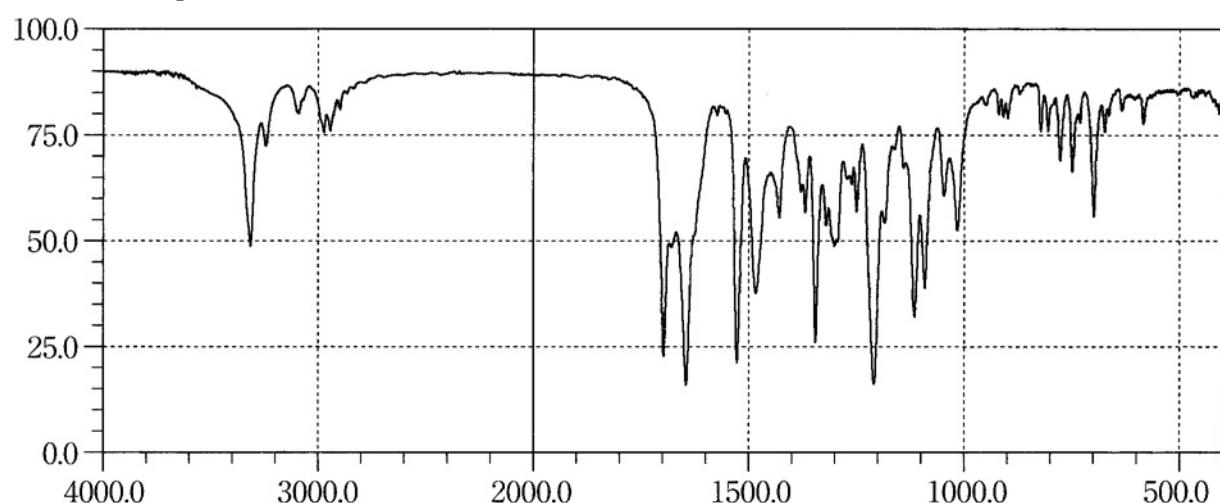

Preparation of sample: Potassium bromide disk method

**Nifedipine**

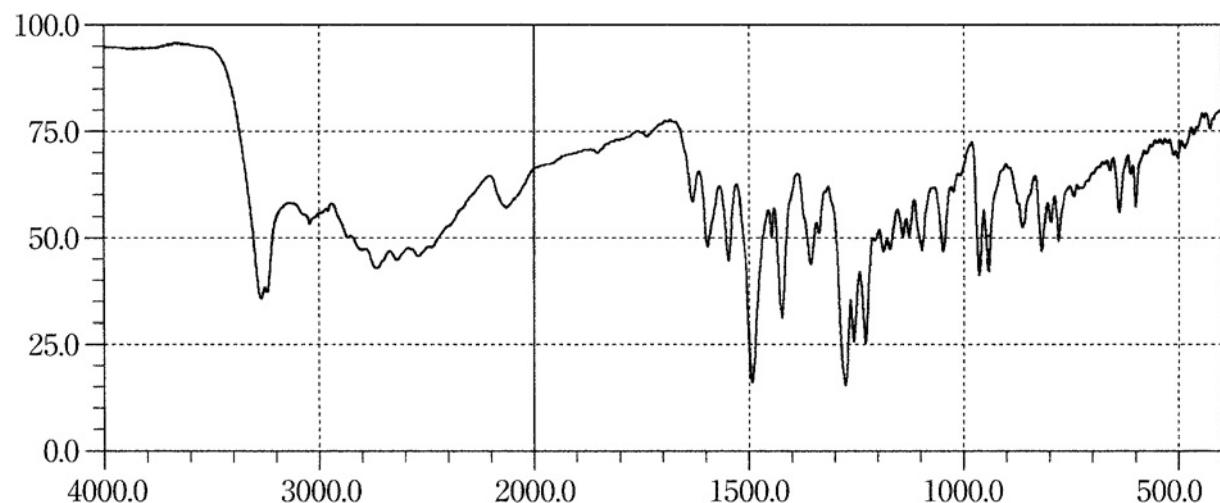

Preparation of sample: Potassium bromide disk method

**Nilvadipine**

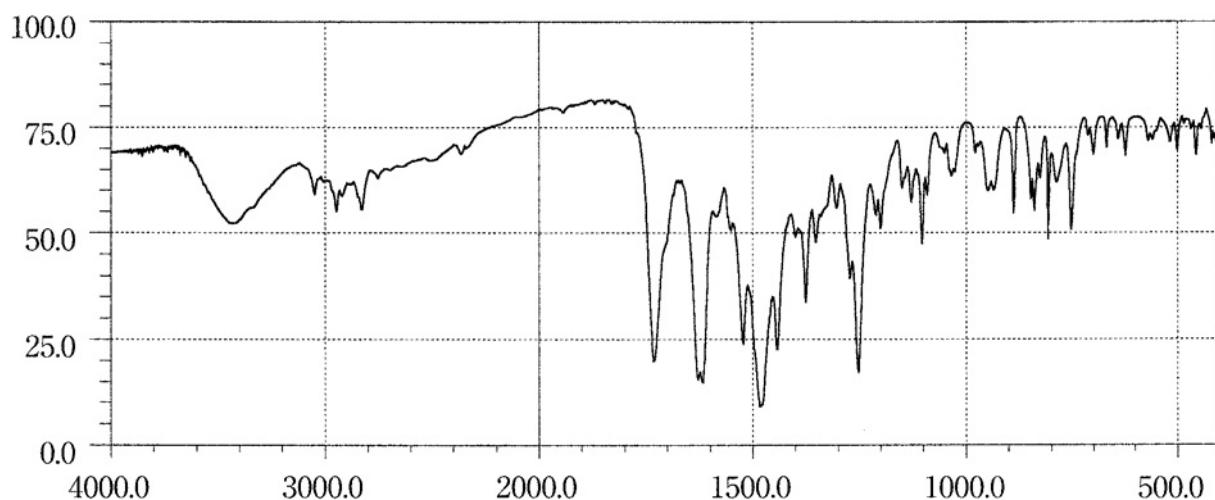

Preparation of sample: Potassium bromide disk method

**Nitrendipine**

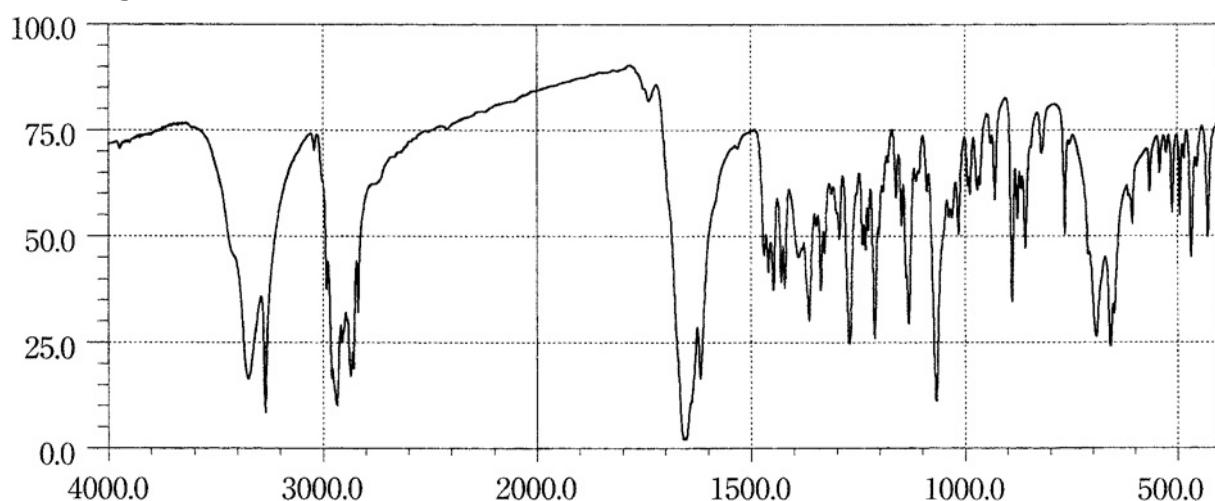

Preparation of sample: Potassium bromide disk method

**Noradrenaline**

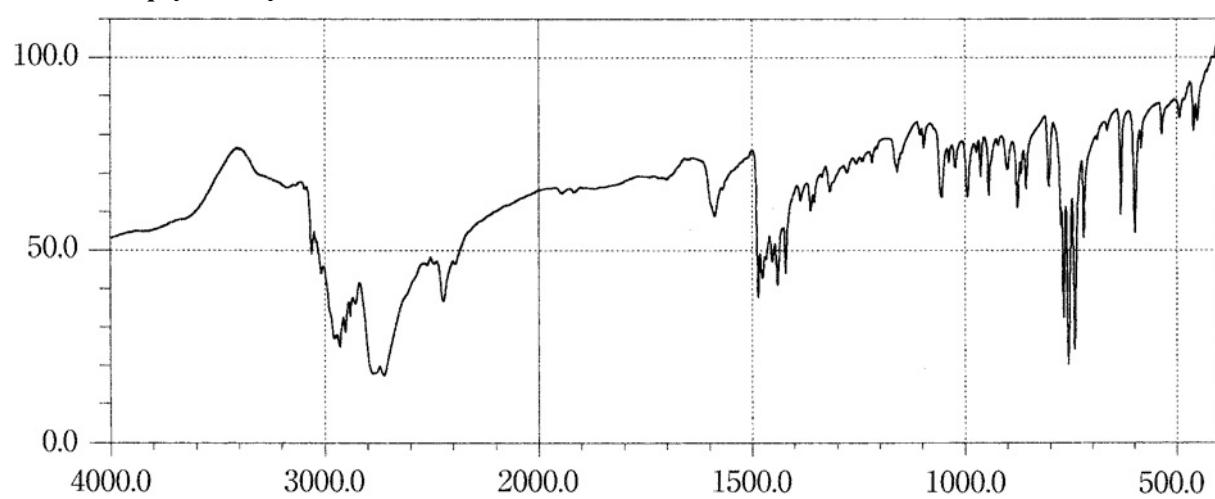

Preparation of sample: Potassium bromide disk method

**Norfloxacin**

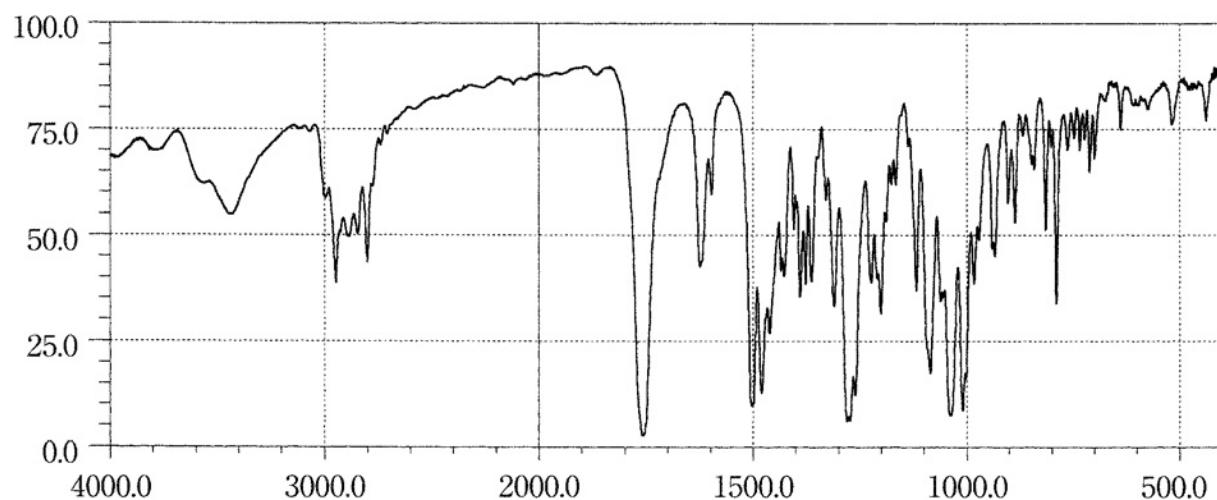

Preparation of sample: Potassium bromide disk method

**Norgestrel**

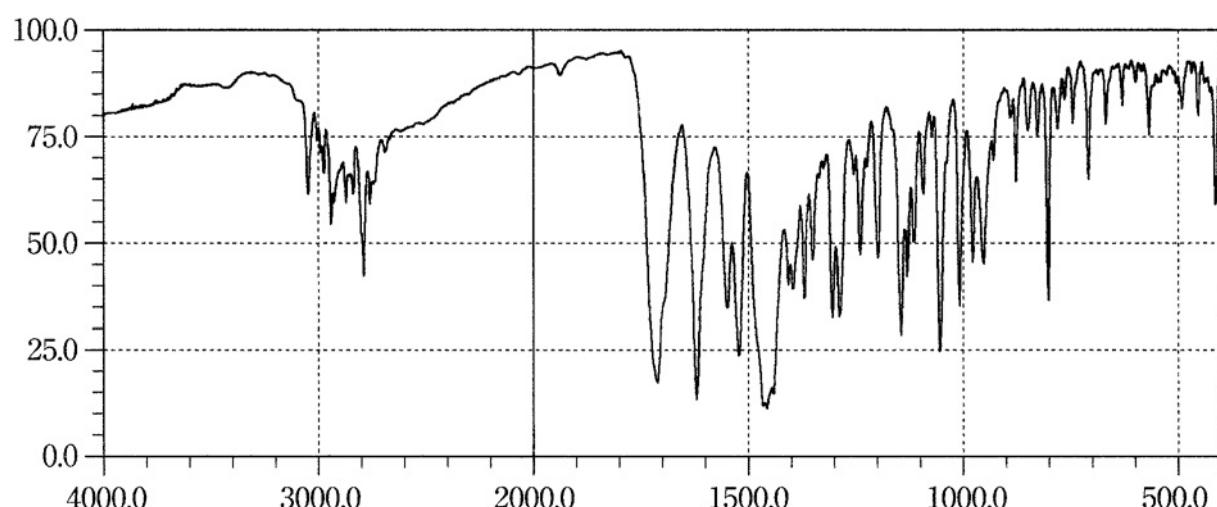

Preparation of sample: Potassium bromide disk method

**Nortriptyline Hydrochloride**

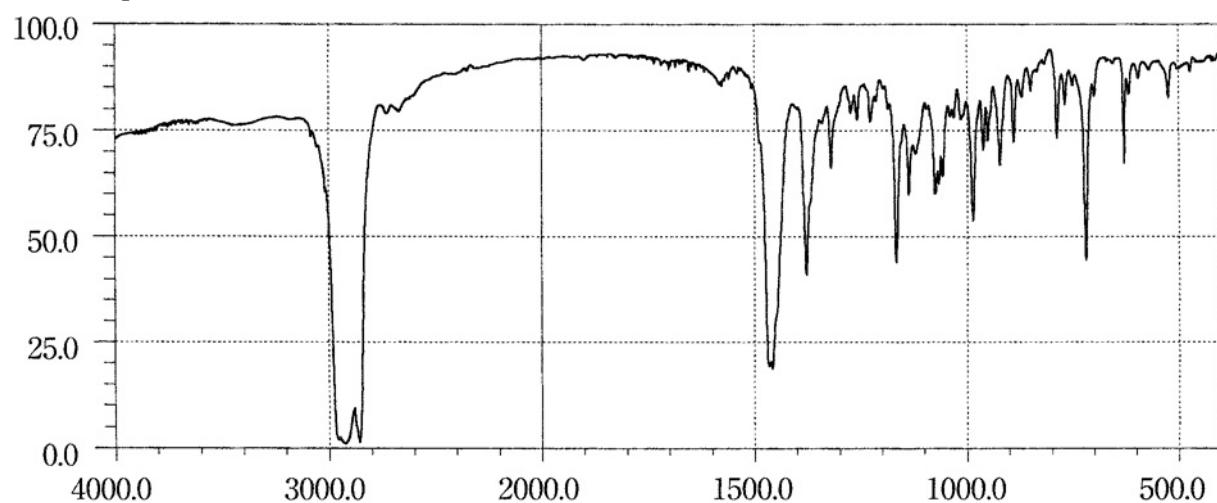

Preparation of sample: Potassium chloride disk method

**Noscapine**

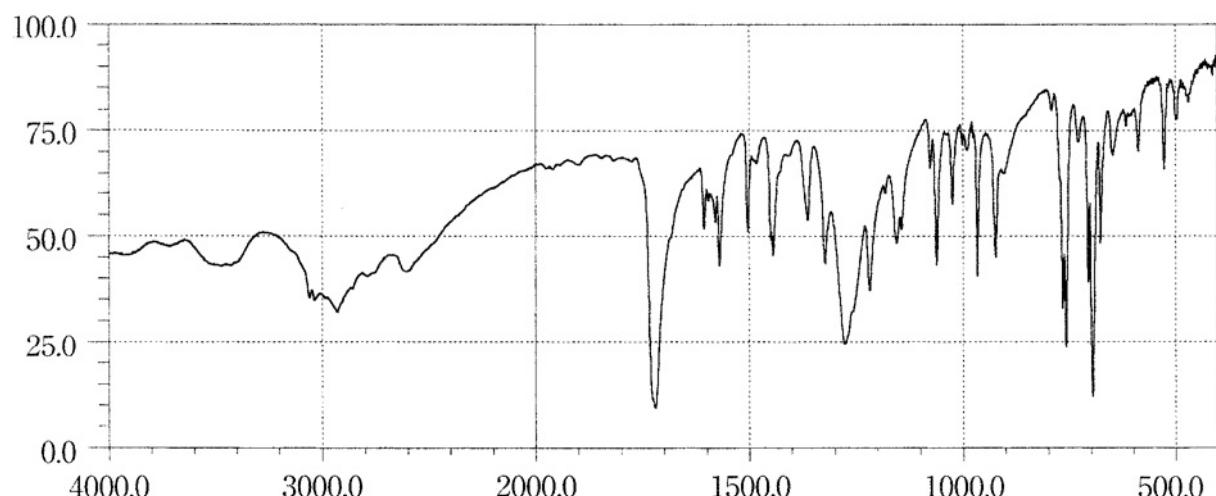

Preparation of sample: Potassium bromide disk method

**Ofloxacin**

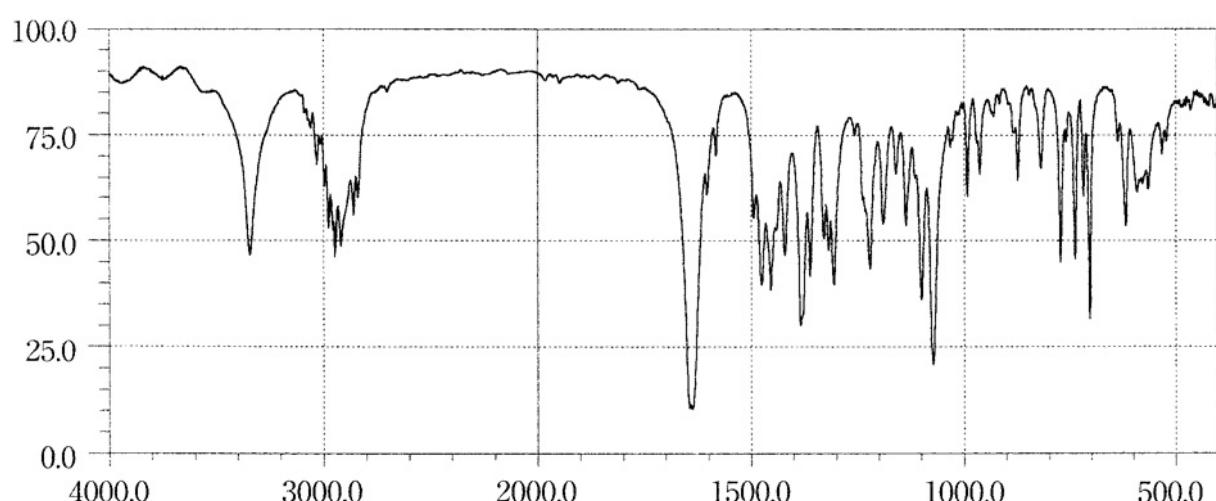

Preparation of sample: Potassium bromide disk method

**Oxapium Iodide**

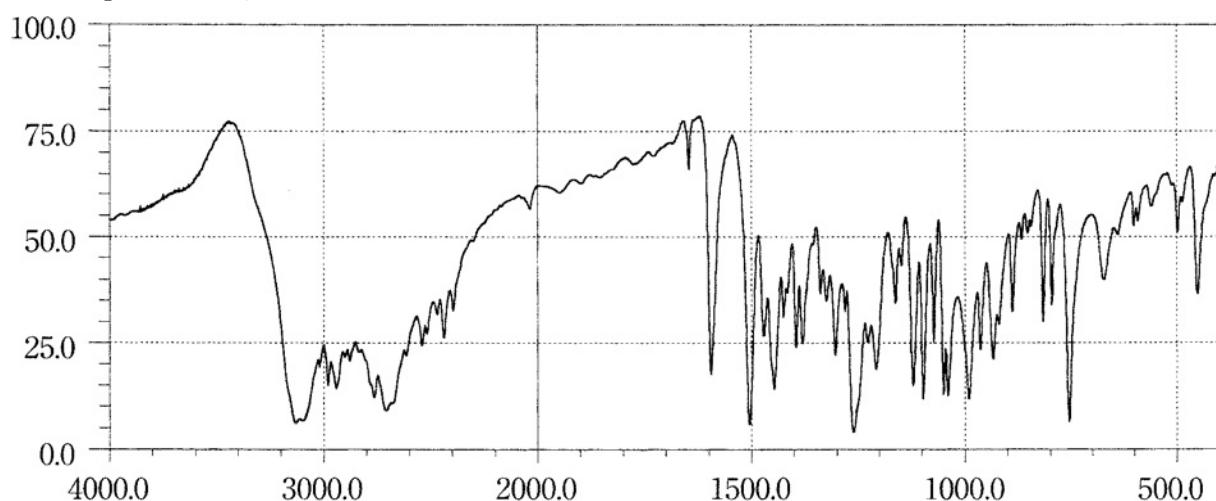

Preparation of sample: Paste method

**Oxaprozin**

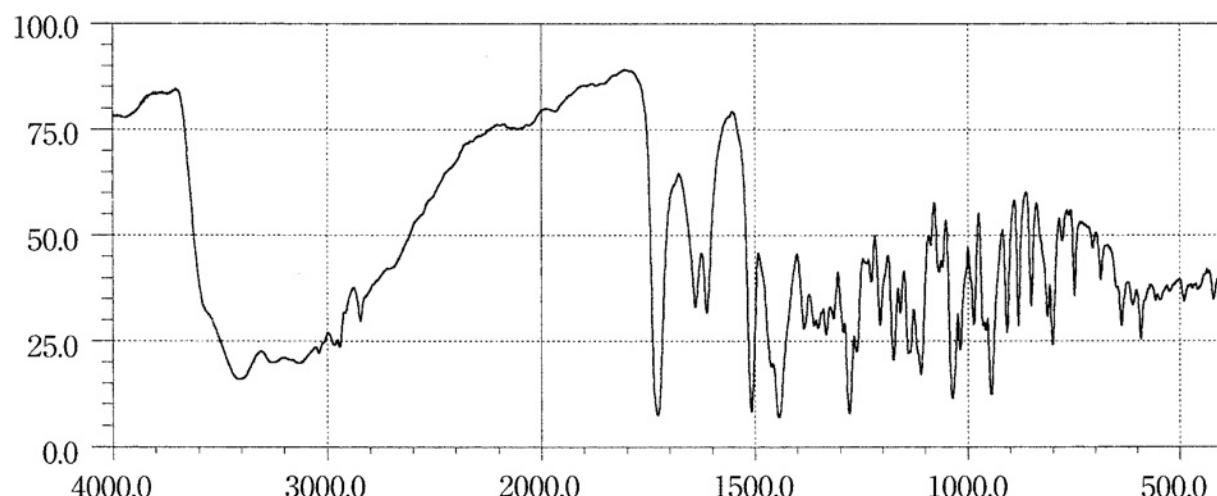

Preparation of sample: Potassium bromide disk method

**Oxethazaine**

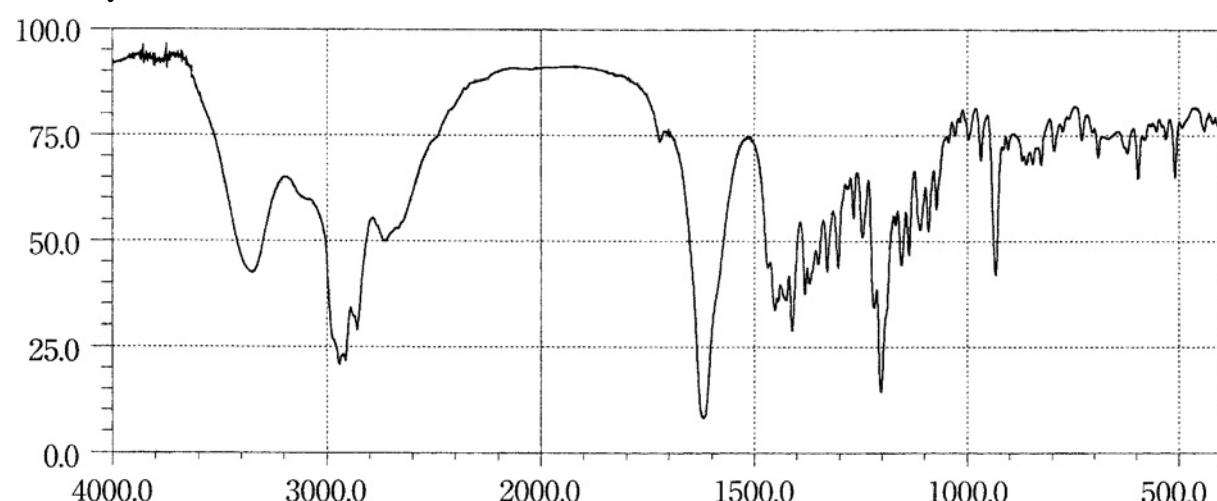

Preparation of sample: Potassium bromide disk method

**Oxprenolol Hydrochloride**

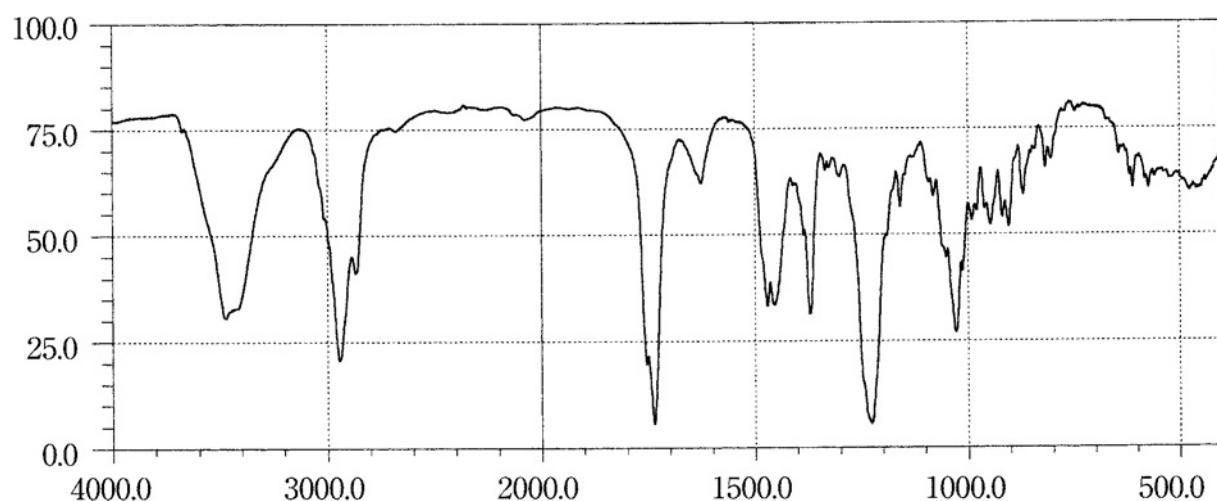

Preparation of sample: Potassium chloride disk method

**Oxycodone Hydrochloride Hydrate**

Preparation of sample: Potassium bromide disk method

**Oxymetholone**

Preparation of sample: Potassium bromide disk method

**Pancuronium Bromide**

Preparation of sample: Potassium bromide disk method
